TEN AIRPLANES ARE WRECKED IN STORM

VANCOUVER NEWSPAPER URGES PEOPLE THAT CITY TO EMULATE RUPERT

Destructive Storm on Atlantic Coast Caused Life and Property Loss

Seventeen seaplanes lined up for races broke moorings and ten of them were smashed

NEW YORK, Oct. 26.—Devastating wind storms struck the Atlantic coast Sunday, resulting in the death of at least 21 persons as well as inflicting heavy damage to homes and shipping.

In Alabama 16 were killed and many injured while dozens of homes were levelled by the gale.

Another storm swept the Atlantic and at Woburn, Massachusetts, 500 houses were damaged.

In Baltimore seventeen naval seaplanes, which had assembled for manoeuvres in connection with the Schneider cup races, broke from their moorings and seven of them were completely wrecked while others were badly damaged.

LATER DESPATCH

BALTIMORE, Oct. 26.—Ten United States navy seaplanes were battered into shapeless heaps and seven less seriously damaged yesterday when under the buffeting of a terrific gale they dragged their anchors and piled up along several miles of seawall and beach.

Seattle Police Say 45 Persons Have Lost Lives Drinking Denatured Alcohol

SEATTLE, Oct. 26.—H. Peterson, a laborer, died Sunday as a result of drinking a composition of denatured alcohol and soda water, which the police declare, has killed 45 persons in Seattle this year.

The police assert that bootleggers purchase denatured alcohol for 35 cents a quart from Japanese druggists, mix it with soda water or grape juice and re-bottle it in half pints selling for a dollar each.

ELEVATOR BE READY NOV. 15

Boats Should be Able to Load at Plant by December 1

Installation of machinery at the elevator is going on daily and it is expected that everything will be in readiness to make a test on November 15, when grain can be turned into the bins, stated A. N. Chater, superintendent of the elevator this morning. The grain boats will be able to load at the plant on November 15, for which there will be 1,000 feet of dock available. This will afford accommodation for the loading of two grain boats at a time.

OBJECTION TO FISH TRAPS

Petition Asking That no More Licenses be Granted is Largely Signed

ENDORSED BY STORK.

The following resolution which has been endorsed by Fred Stork, without any ifs or buts has been signed by 656 fishermen or those connected with the fishing industry in this district:

Hon. P. J. A. Gardin, Minister of Marine and Fisheries, Ottawa.

We, the fishermen and citizens of the northern coast of B.C. do most emphatically protest against the practice of using fish traps or trap nets for the taking of salmon.

It is abundantly plain that the extermination of salmon is in sight if the present practice is continued and as a result the livelihood of the fishermen will be destroyed. Traps are now operating in Canadian waters under the excuse that the American traps would receive the fish now being taken in Canadian traps if the Canadian traps were not operating.

We beg to advise you that by reason of a desire to practice conservation in Alaska the American traps in this area are now closed. The traps in the same locality owned by Canadian companies are still operating and we therefore request that the Canadian traps be closed at the earliest possible moment and that in future no trap licenses be granted to anyone in District Number 2, and that no license now in operation be renewed for any future year beyond 1925.

We are your humble petitioners:

H. Striehorst and 650 others.

Seven Thousand Persons Said to Have Perished in Cyclone in Persian Gulf on Saturday

PEARL Fleet of 200 Vessels all Destroyed; British Naval Vessels Lost Boats and Minor Damage

KARACHI, British India, Oct. 26.—Brief details of the disaster caused by a cyclonic storm in the Persian Gulf confirm the early reports of great loss of life and destruction of many small vessels.

Despatches to date say that seven thousand persons perished in the cyclone which was accompanied by an earthquake and other disturbances. The pearl fishing fleet was almost entirely swept out of existence, more than 200 vessels being sunk.

British naval vessels suffered minor damage in the storm such as the loss of boats.

The islands of Tamb and Hennam were severely shaken and many acres of date palms at Basra were devastated.

Direct Negotiations Refused Before Meeting of League Today

PARIS, Oct. 26.—Mutual defiance marked the attitude of both Bulgaria and Greece today before the opening of the special session of the League of Nations council convoked to settle the new Balkan conflict.

Bulgaria refuses to enter into direct negotiations with Greece and the latter will not withdraw from Bulgarian soil, which she says, was invaded only in self-defence.

Emulate Prince Rupert says Vancouver Sun in Discussing Political Situation in South

VANCOUVER, Oct. 26.—Vancouver Sun, under the caption "Emulate Prince Rupert," says editorially: "The good citizens of Vancouver should come down out of the clouds of tariff controversy and for the next few days figure their policies in its dollars and cents relation to Greater Vancouver. What our citizens should do is to emulate the City of Prince Rupert. The people of Prince Rupert battle out their theories and controversies over a utopia until about one month before election.

Then they get down to business, the business of politics, and work in with the government of the day. The result is that there is no city of its size in Canada which has secured anything like the political results that Prince Rupert has. They have a fine big courthouse that cost hundreds of thousands of dollars. They have two ministers in the cabinet (Vancouver has none). They had a three million dollar drydock a terminal grain point while years before Vancouver had one. Vancouver is omitted. The reason they have a director on the C. son for this is that Prince R. R. and now they are getting part has a Government elevator a grain elevator. How many of while Vancouver has not. What these things would they have if it was formerly a Government they had played the political fool vator at Vancouver is now controlled by the Harbor Board.

If on the basis of population Vancouver received proportionate amount of government subvention and political representation, we would really put this city on the map. Prince Rupert likes to play politics just like any one else but they have a happy knack of playing in with the government. Vancouver should emulate Prince Rupert.

CHALLENGE

The Liberal and Conservative candidates are hereby challenged to a joint meeting in either theatre building on Wednesday, October 28, instant. I shall accept any place assigned to me in speaking order with equal time with other candidates, and pay my full share of all expenses connected therewith.

A copy of this challenge has been delivered to the representatives of both candidates.

G. W. NICKERSON, Progressive Candidate

October 26, 1925.

A large part of the customs revenue has been hypothecated in the past to cover loans made to China by foreign countries and also to cover the indemnity over the Boxer rebellion. The head of the customs service is a British subject and the revenue is paid into a foreign bank designated by the Bankers' Commission, who allot therefrom the payments secured by the revenue, the balance being then paid to the Chinese government.
