DAILY EDITION

Monday, August 31, 1925.

Importance Of Lumber Industry.

The importance of the lumber inlustry to Prince Rupert ufacturing here from lower grade Mr. Smith owns a block on the is seen by the perusal of the article on the activities of the local lumber produced in the mill. Queen Charlotte Islands conmill published today. It is possible that people of the city do Machinery for a box factory has taining eighty million feet of schooner, 243 feet long, 45-foot not realize the difficulties of marketing lumber from here so arrived and some of it is set up, timber and is interested with T. beam, and was built in Tacoma, as to keep the yards clear of all grades. For years the mill was closed because of that difficulty and if the present concern has operation, it has not yet been pos- latter tract is now being logged rock," equipped as a log carrier, solved it, much credit will be due to them.

It is satisfactory to know that the company plans to extend operation but it may start and Mill. Besides this, the mili has operations and improvements and that it is looking forward to day says Mr. Smith. It is expect-access to some 400 or 500 milinstallation of a pulp mill.

Entertain Those Who Come Next Week.

Next week everyone will be busy and especially the mer- It is Mr. Smith's infention to In addition to this supply of chants of the city. In spite of this, efforts should be made to gradually work into the spruce logs on the Islands, some 600,entertain visitors from out of town so as to make them feel veneer business and later install 000,000 feet of timber in limits that Prince Rupert has a welcome for them. It is difficult to a veneer machine here. carry out this to any great extent but wherever possible it might well be the privilege of citizens to extend their home hospi- ing of cans here but nothing had tality to the many visitors who are to be in the city. When yet been definitely decided upon, ing of logs here from the Queen Canal district are to be on view Prince Rupert people go into the interior or to the Islands it is The idea was, he said, to put cans Charlotte Islands, Mr Smith an- here at the exhibition. They are found that the people there open wide their doors to us. We in the boxes made at the mill nounced that the use of Davis or to be forwarded by H. W. M. Rolare their guests very often and this is an opportunity to return the compliment.

In town we have many activities and so many people come! at once that it is impossible to return every act of hospitality is now operating to capacity on at a time like this but it is well to bear it in mind and do our the basis of an eight-hour day best. The honor of the city is at stake as well as its progress

Travel Greater Than Ever Before.

Travel is greater this year than ever before. Very largely in operation cutting airplane raft is that it eliminates the use 61 passengers, including local it is tourist business but there have also been very many visitors stock and edge grain lumber. to the Portland Canal mining district and they have all stopped off here. The elevator building and other activities of the district have tended to increase travel so that all the steamships from the Prince Rupert Spruce have been busy and often have had to refuse bookings.

Queer That Edmonton

Has Only One Newspaper.

Edmonton has only one daily newspaper. The morning enough to be dried and otherpaper had to suspend publication recently because it could not wise prepared for the market get sufficient support.

Edmonton is a city of between sixty and seventy thousand to full capacity, it is expected people and with a fine country surrounding it. The people that 100 cars (or about 2,500,there seem to be progressive and everything points to the devel- ooo feet) will be shipped steadopment of a big city at that point. Incidentally it is the capital ily from now on. With the of the province of Alberta. In spite of this the second news- planing- mill and box factory balance are sent to the pulp Fishing & Packing Company scribed lands:paper has not been a financial success. The other paper has in operation, the plant will be such a lead there that it seems to crush out opposition.

The Bulletin was conducted for many years as a purely should snow prevent lumber cuipolitical newspaper and during that time it lost prestige and ting at times during the winter seems never to have been able to regain it. Several times it months. changed hands and, under one management, assumed the ap- Mr. Smith expects that he will pearance of a real metropolitan journal. Still it lost money be able to dispose of a good freely forgits owners and now it has lapsed for want of some-deal of the lower grade and

Probably another attempt will be made to revive the morn- when the grain elevator is in ing newspaper in Edmonton because there should be a good operation here and ships come lions on April 6 last. field for it in a city that size.
