I wish I knew

"I wish I knew what to put on these floors!" So often you hear that remark. It is only because those people who make it, have had their fill of waxes, oils and cheap varnishes. The man or woman who has used the right floor varnish has no floor troubles.

HALF MILLION HEAR SPEAKERS

Voice Seemed to Come From Air During San Francisco Celebration

Guests of the city of San Francisco during the recent Diamond Jubilee celebration were entertained by two giant power radio loud speakers, inventions of Dr. C. W. Hewlett of the General Electric research laboratories, reproducing programs from KGO.

Over half a million people, it is estimated, heard the Hewlett speakers. Many listeners were never aware of where the sounds of voice and music was coming from, so great was the volume of sound, and so small the mechanisms sending it out. People felt that the voices came out of the skies above, so mysterious and natural were the sounds heard.

Two vibrating discs, each over four feet in diameter and weighing 400 pounds each, were hung about twenty feet off the ground, filling an area of four city blocks with their tremendous tone.

Valuable in War

Machines more powerful when producing a piercing note, demoralizing to the human ear, could be trained upon an enemy in warfare with disastrous results, according to scientists.

However, Dr. Hewlett stated today that he did not create his loud speakers for war machines; but that it was a love for good music that inspired him to invention. While doing original research work in physics at John Hopkins University, involving the use of some rare old violins, he resolved within himself to use his knowledge of mathematics and acoustics to further musical art. This inspiration was really the beginning of the present Hewlett power loud speaker, he stated.

Auxiliary Machinery

As much machinery is being used to operate Hewlett's speakers as is contained in a small broadcasting station. Amplifiers, together with tubes and other auxiliary machinery, have been mounted by the inventor on portable platforms. Dr. Hewlett, himself, operates his reproducers from a small building especially constructed for him in the civic centre plaza. Energy from KGO was received on an ordinary antenna about 60 feet long, with only a single tube receiver.

SKIDEGATE

The seaplane in command of Lieut. Hull has been very busy during the week flying from here to Jedway and back. One of the Canadian Fisheries seiners was caught by them in Cumshewa Inlet. All the seiners say the seaplane is a "bad rig" as it is right on top of you before you know where you are at.

Captain Hann of the seine boat Beatrice H. was high boat in the inlet last week. She turned in about 20,000 chums.

Bert Hanson and Tommy Moorehouse, two buyers for the Canadian Fish & Cold Storage Company, were in port buying cohoes. They went from here to Cumshewa. The price paid for cohoes here is 52½ cents each.

Mr. and Mrs. P. F. Siz and their daughter Francis have returned here for the winter after spending the summer at Massett.

A bad fire broke out on Maud Island on James Renner's ranch this week. It was put out by the men on the forestry boat and the McCullough logging crew.

The fish packers at Aliford Bay have been packing chums from Canoe Pass to Haysport Cannery. The boats Wanderer and Beatrice H. are seining for them.

VANDERHOOF

Mrs. A. B. Baird has arrived from Vancouver and will make her home in Vanderhoof.

Mr. and Mrs. A. Embley, formerly of the Nechako Hotel at Fort Fraser, have come to Vanderhoof to reside.

J. B. Amishaw has left for the Manson Creek and Nation River districts to inspect public work requirements.

Five million salmon eggs passed through here last week enroute from the Lakelse to the Stuart Lake hatchery.

Mrs. E. C. McGeachy left for Edmonton last week taking with her her little daughter, Jean, who will receive treatment for a deep cut on her arm received when she fell on a bottle.

Rev. George J. Gray is suffering from painful burns on his hands, face and legs sustained while extinguishing a fire in Christ Church, Chilco, last week.

Harold Magnus Perison and Miss Lourena Russell were married here last week by Rev. E. B. Arrol. They will make their home at Fort St. James.

Make your own Mustard Pickles

Home-made mustard pickles. How delicious — and how easy to put up. Here's the recipe:—

MUSTARD PICKLES

1 qt. small onions — 1 large cauliflower
1 qt. cucumbers — 2 heads celery
2 red peppers

Peel onions, cut vegetables in small pieces, cover with weak brine and let stand overnight. In the morning bring to a boil and drain off.

Take 2 cups brown sugar, 1 cup flour, 6 tablespoonfuls Colman's D.S.F. Mustard, 1 tablespoonful turmeric and 2 quarts vinegar. Boil this mixture for twenty minutes, stirring continually. Pour over vegetables hot. Let stand ten days, stirring every day, then bottle.

SCHOONER SENTINEL REACHES DRY DOCK

Extensive Damage Done to American Halibut Schooner as Result of Collison

The American halibut schooner Sentinel which was sunk in a collision with the schooner Republic at the first of the week, was towed alongside a scow this morning to dry dock by the cannery tender Florence and will be taken up tomorrow for survey and repairs. The damage to the Sentinel is extensive.

BARGE DRUMROCK MAY BE INSPECTED TODAY

This afternoon the big barge Drumrock will be moored at the Drydock and any citizens wishing to go over her may do so, it is announced. The vessel is a large one and well worth seeing. While she was discharging logs at Seal Cove a good many people watched her operations from the shore.

SPORT CHAT

Booth School and Borden Street meet in tomorrow afternoon's Junior football game. The former team, by virtue of its win over the High School last week, has high hopes of winning again while the Borden Street boys expect to do better than they did in the game with the High School on Tuesday. It should be an interesting match and the lads are hoping for a good turnout.

The Booth School team for tomorrow afternoon's Junior Football game with Borden Street will be picked from the following players: L. Pierce, Kami, Willie Donald, Collison, Kelsey, Morrison, Smith, Diekens, Nelson, Murray, Crate and Dingwall.

Keen interest is being taken in the fifteen-round boxing bout that will take place this evening in Vancouver between Vic Foley and Vic King for the bantamweight championship of Canada. The Vancouver people are naturally confident that their protegee will win but some fans hold the opinion that he is due tonight for the hottest battle he has had for many a moon.

There is room for a good deal of speculation as to the outcome of this year's world series between the Pittsburg Pirates and Washington Senators. The Pirates have overwhelmed practically all the best left handed pitchers in the National League this year and are expected to take the measure of the Senators' southpaws, Reuther and Zachary. However, the latter knows something of the strategy of the Pittsburg team having pitched against them in the National League.
