BASEBALL BOYS GYRO DINNER

Members of Team Entertained by Service Club Last Evening

It was baseball night at the Gyro Club last night when the club entertained the members of its City League baseball team as well as the managers of the two opposing teams—Harry Love of the Sons of Canada and Gilbert Campbell of the Sawmill. The program, which included numbers by an orchestra consisting of Miss Irene Morrison, Howard White and Kenny Rood, vocal solos by Master Bruce Stevens and Babe Fortin, an address by Rev. E. G. Turner, pastor of the First Baptist Church, and community singing was in charge of the new entertainment committee of the club which is made up of Joe Greer, chairman, Douglas Stork and Leo Waugh. There was a good attendance of club members and the following were guests: Rev. E. G. Turner, Harry Love, Gilbert Campbell, H. F. Pullen, Babe Fortin, Claire Smith, Dan Lidstone, Stan Moran, G. Robideau, George Mitchell, Harry Astoria, William Murray, Jr., Teddie Tite and Master Bruce Stevens. President Roy McNaughton occupied the chair and the accompanist for the evening was Gyro Billy Vaughn Davies.

Rev. E. G. Turner Speaks
The address of Rev. E. G. Turner, who is a fluent speaker, was very interesting. Opening up in a humorous manner, he touched on matters religious and social. Social expression, he declared, had become divorced since the commencement of the Christian era from religious expression through dogmatic controversy in the church which was still to be seen. He expressed the hope that social and religious activities would again be brought together and gave his opinion that the service club might be instrumental in bringing this about.

Dealing with local conditions, Mr. Turner congratulated the Gyro Club on its playground work and wished it further success along that line. He suggested that development of the natural grandeur of this city should be undertaken such as the establishment of a central park and the beautification of the roads, streets, church and school grounds and private residences. Competition along these lines, he thought, might be effectively introduced.

Fred Henning's Last
In the course of the meeting it was announced by Pres. Roy McNaughton that this would be the last function that would be attended by Gyro Fred Henning who leaves in a few days for Chicago where he intends to enter business. Mr. Henning, called upon for a few words, spoke of the pleasant memories he would retain of his association with the Gyro Club in Prince Rupert and said that it might even be possible he would some day return to Prince Rupert when it would be his desire to renew those associations.

Sport Chat

Tonight's football game between the Callies and the Cold Storage will be an interesting one. If the Callies win this evening they will have a good hold on the trophy as they have all other football prizes this season. On the other hand, if the Cold Storage should win, the Scots and the Sons of England will be even in first place with the game on Tuesday night next to decide

The winners in the competition, in view of the interesting situation that now exists in the contest, there should be a good crowd at tonight's game and a bumper one next Tuesday. The settlement of the Gilhuly Cup argument will conclude the local football program this year. There will, of course, be the games during Fair Week with Ocean Falls.

Teams will take the field as follows in tonight's game:

Cold Storage—A. Murray, goal; C. Whatman and D. Jack, full backs; A. Harvey, S. Elder and J. Sim, half backs; D. Lambie, S. Jarton, S. Erskine, C. Wiper, C. Norrington, forwards; reserves, J. Torney.

Callies—E. McLean, goal; H. Hamilton and J. Harris, full backs; George Mitchell, S. Gurnie and R. Woods, half backs; A. Mitchell, R. McDougall, D. Scott, W. Mitchell and W. Hamilton, forwards.

ELECTRIC CARS ON RAILWAY

Canadian National Made First Experiment With One Yesterday

MONTREAL, Aug. 27.—A new type of passenger car, operated by electricity developed by a generator installed within the body and which it is hoped will help to solve one of the great problems of Canadian railroads, will be placed in service within a few days on certain lines of the central region of the Canadian National railroads.

This type of equipment, known as the diesel electric car represents an entirely new development in motive power and brings to a successful termination one of the most interesting chapters in the evolution of rail transportation in North American continent.

Two type of cars, one with single 60 foot body and the other with two bodies, with an overall length of 120 feet have been designed, the former carries 56 passengers in addition to baggage, and the latter 126. A diesel engine, operated by fuel oil is located in one end of the car.

Started by Motor
These engines are started by a small electric motor and in turn they generate sufficient electrical energy while operating to charge storage batteries for this motor and also for lighting, etc.

The engine in the small car has four cylinders developing upwards of 160 H.P., while an eight cylinder engine operates the large car with a rated H.P. of 320 H.P.

In both cases the engines are

self governed and cars can be operated from either end of the car so construction of a wye for turning is unnecessary. While no extravagant claims are made for the performance of the new cars, tests made during the past month show that they are both economical and eminently suitable for suburban intersuburban and branch line traffic, where there is insufficient density to warrant the most costly operation of steam trains.

On a preliminary trial run yesterday the 60 foot car operated from Montreal to Toronto in eight hours thirty minutes actual running time without difficulty and without stopping the engine. On a side trip from Port Hope to Lakefield the same day, the car handled a coach as trailer and was able to negotiate heavy grades at a moderate speed.

Fuel Oil Cost

The fuel oil consumption including standby losses averaged one gallon for 4.6 miles or about ten per cent of the fuel cost for similar steam operation.

To C. E. Brooks, chief of motive power of the C.N.R., R. J. Reedham and R. G. Gage, engineers are chiefly credited with the new development.

For more than three years they have been working on their plans with the support of Sir Henry Thornton and Vice-president S. J. Hungerford. Except for the engines and specially constructed generator, the cars are the products of the point St. Charles shops and are therefore a Canadian production.

FINED FOR NOT PREVENTING FIRE

Several Breaches of Forest Act Punished at Smithers This Week

SMITHERS, Aug. 27.—Three cases involving breaches of the Forest Act were heard on Tuesday before Siperidary Magistrate Hoskins.

Peter Pierre, a Telkwa Indian convicted of leaving his camp fire burning was fined \$25 or 15 days with hard labor in default.

William Chickens, an aged and indigent Indian, was convicted of setting out fire without a permit. In this case sentence was suspended for action by the Department of Indian Affairs.

Andrew Naslund, convicted of failing to report a forest fire or to do his utmost to prevent the spread of the fire was fined \$25 or in default fifteen days with hard labor.

TERRACE NOTES

Mrs. O. T. Sundal and Miss Elsie Kenney left on Wednesday for Victoria where Miss Kenney is going in training for a nurse. They were accompanied as far as Prince Rupert where they will spend a few days enroute, by Miss Gladys Kenney.

Mrs. Wright and her children who have been spending a few weeks at The Crossways, returned to Prince Rupert on Monday.

J. M. Hall made a business trip to Smithers this week, Miss Barbara Hall who has been the guest of Mr. and Mrs. Floyd Hall for the past month, returned with him.

Mrs. Bert Kenney gave a farewell bridge party on Friday evening in honor of Mrs. A. T. Sundal and Mrs. F. T. Ross who are leaving shortly. Mrs. D. D. Munro and Mrs. F. Lazelle were prize winners.

J. K. Gordon had the misfortune to break his arm Tues-
