MANSON SAYS STORK'S ELECTION CERTAIN LEAGUE OF NATIONS TO DEAL WITH GREEK-BULGARIAN SITUATION MONDAY

Manson Says Election of Fred Stork Assured; Interior is for Him

Former member will get several hundred of a majority east of Hazelton declared Attorney General on return

"Fred Stork's election next Thursday to represent Skeena riding again in the House of Commons is assured," declared A. M. Manson, K.C., attorney general and member of the legislature for Omineca, who returned to the city on last night's train after accompanying Mr. Stork for the past week on a campaign trip through the interior and who sailed this morning on the steamer Prince Rupert for Victoria.

"Although I do not pretend to be a political prophet," commented Mr. Manson, "it is not difficult to observe that the preponderance of feeling in Skeena is in favor of the return of the Mackenzie King government and its supporter, Mr. Stork. I suppose it would be surprising if feeling were otherwise in a constituency lying tributary to the Grand Trunk Pacific Railway as does Skeena. It is satisfactory, however, to know that the people of the interior are not being distracted by side issues from the realization of the fact that this country must look to Mr. King for support and has nothing to hope from Mr. Meighen. Mr. Stork's majority from Hazelton eastward will be several hundred and, although I have heard from good authority that it will be proportionately as great along the Skeena, I prefer to refrain from making any close estimate in this territory with which I am not so familiar as I am with the interior.

TRUE BILL ABDUCTION CASE TODAY

V. Robinson and Son William to go Before Petit Jury: Others Considered

VANCOUVER, Oct. 23.—After examining 22 witnesses the grand jury brought true bills against B. V. Robinson and his son William charged with illegal detention of Wong Foon Sing. Evidence against the others is being heard this afternoon. The trials in connection with this case will probably commence early next week.

TWO YEARS FOR YOUNG CUMYOW

Young Girl Astray and Lived on Proceeds of Her Vicious Life

VANCOUVER, Oct. 23.—Richard Cumyow, son of a wealthy Vancouver Chinese citizen, was today sentenced to two years' imprisonment on a charge of procuring.

The evidence, which was of a sordid nature, showed that the Chinaman had obtained control of a white girl and had made profits from the vicious life into which he had led her. The girl was too ill to appear for several weeks and in court she was tottering and pale and excited the sympathy of all those present. She was under twenty years of age.

BAYCHIMO IS IN VANCOUVER

Arrived from Arctic After Being Locked in Ice for Some Time

VANCOUVER, Oct. 23.—The Hudson's Bay Company's steamer Baychimo which escaped from the Arctic ice last month after it was believed she was locked in for the winter, arrived this afternoon, apparently little the worse for the experience.

The Baychimo took the place of the Lady Kindersley in trading to the Hudson's Bay posts in the far north.

Not Weaken Position
"It would appear clear now that Greater Vancouver will elect at least two Liberals and, possibly, four. Greater Vancouver is a very populous area and the people of Skeena should not forget the importance of giving Mr. Stork a whacking majority so that he may continue to hold in the new House his position as senior Liberal member from this province. Mr. Stork has been Liberal whip for British Columbia for four years and he has served on every special committee of the House during those four years. To anyone familiar with parliamentary practice this signifies clearly that Mr. Stork stands well with the Prime Minister and his colleagues. We in Prince Rupert and Skeena should have no desire to weaken his position in any way. It is distinctly to our advantage, where competition arises as between ourselves and Vancouver, that our member should have the senior position as against the Liberal members from that city."

LOST MILLION
MADE \$100,000

Wonderful Record of Son of Major General Wood in Acquiring and Losing
PICKED UP ON REALTY
Million Went on Gaming Tables of Europe and He Came Home on Tramp Ship

NEW YORK, Oct. 23.—Broke six months ago, Osborne C. Wood, son of Major General Leonard Wood, governor of the Philippines, says he has recovered one hundred thousand dollars of the million he made in Wall Street and lost later over the gaming tables at Athens, Cannes and Deauville.

Young Wood claims to have made the \$100,000 in Tampa, Florida, real estate. He arrived in Florida from Europe on a tramp steamer with only a few dollars left of the million and spent this while looking around for a job. He secured employment as a real estate salesman at 850 a week with D. P. Davis, who was selling hot dogs on street corners a few years ago. Woods arrived yesterday to buy clothes.

Southbound from Alaska ports to Vancouver, C.P.R. steamer Princess Mary, Capt. Arthur Slater, was in port from 11.30 until 1 o'clock today.

Nominations Completed for Federal Elections Yesterday; Plenty of Candidates Offer

OTTAWA, Oct. 23.—Owing to the fact that the Liberals are in a number of cases supporting independents, Progressives, or Labor candidates who have in the past session shown a disposition to vote with the government on questions of vital interest to each and in opposition to the reactionary Conservative movement, there are not as many Liberal candidates in the field at this election as Conservatives.

The total candidates standing for 241 ridings throughout Canada number 542 and of these official nominees of the Liberal party number 216, Conservatives 239, Progressive party 69, Labor, including farmer labor candidates 21, Independents 37.

British Columbia has 41 Liberals, 14 Conservatives, 5 Labor, 5 Independent.
Yukon, 1 Liberal, 1 Conservative.

In the three Maritime provinces 28 Liberals, 29 Conservatives. In New Brunswick there are two Independents and one Labor in Nova Scotia.

Of 149 candidates in Quebec for 65 seats, 68 are Liberals, 63 Conservatives, 1 Independent.

United Grain Growers Director Visits the Interior and Tells of Splendid Progress of Farmers

C. E. Whitney-Griffiths Says Much Grain Grown in Wistaria District; Confers With Local Grain Board Last Night

That the central interior of British Columbia between Prince Rupert and Prince George had made remarkable progress from an agricultural and stock raising standpoint in the last three years, and that particular attention would be paid to that section of the province by the United Grain Growers and subsidiary branches in helping the farmers to increase and market their crops through this port was the cheering message of C. E. Whitney-Griffiths, a British Columbia director of the United Grain Growers and secretary to the advisory board of the Farmers' Institutes of B.C., upon his arrival in the city on yesterday's train after attending an organization convention of farmers at Terrace.

Much Impressed
Mr. Whitney-Griffiths, who operates a large farm at Malchoshin, fourteen miles from Victoria, was particularly impressed with the farming country around Francois Lake and Ootsa Lake. Threshing operations this year had been very successful, he said, an average of some 600 bushels each having been threshed by farmers while in one instance a farmer had threshed 1,400 bushels of wheat. Speaking generally this was an increase of 100 per cent in production in three years.

The raising of cattle was also on the increase to a marked extent and over 60 head of steers had been shipped to Prince Rupert from the Wistaria district this year by members of the institute, and as high as \$90 for a single animal had been realized.

Co-operative Marketing
Speaking of co-operative marketing Mr. Whitney-Griffiths stated this method of marketing farm produce was rapidly gaining favor among the farmers, and that in B.C. today over 75 per cent of all farm products were sold through co-operative marketing concerns.

He predicted a wonderful future for the farming industry of central B.C. which, he claimed, had not received the attention and consideration as was its due. Mr. Whitney-Griffiths returned south on the C.N.R. steamer this morning.

Interviewed Grain Board
M. P. McCaffery, chairman, and J. H. Pillsbury, member of the local grain board interviewed C. E. Whitney-Griffiths upon his arrival in the city yesterday afternoon after attending an organization convention of farmers at Terrace, in the interests of grain shipments through the elevator.

Mr. Whitney-Griffiths stated he had had a conversation at Terrace with C. P. Riel, who is on his way to the prairies to make a survey of grain shipping possibilities through this port, and that he had given him a letter of introduction to Rice Jones, general manager of the United Grain Growers for Calgary and Winnipeg.

OLIVER SPEAKS OF RETIRING

Says he Wants Freight Rates Settled Before He Leaves Public Life

SUCCESSOR DISCUSSED

VICTORIA, Oct. 23.—Premier Oliver is beginning to talk of retiring from the premiership of British Columbia and already tongues are wagging over the question of who is to succeed him. At a meeting in support of T. B. Booth, Liberal candidate for Nanaimo, the premier said he wanted to have this freight question settled before he retired from public life. Without fairer treatment it would hardly be worth while for British Columbia to remain in the confederation. He warned his audience that fairer treatment could be expected from the Liberals than from Conservatives.

The hint in regard to retiring was rather vague, but it is looked on as an indication that the premier will not hold office long and that before another provincial election some other man will be leading the British Columbia Liberal party.

Prince Rupert's member is one of those spoken of as a possible successor to Premier Oliver.
