CHANGES IN WATER RATES

City's New Bylaw is Now in Effect and Accounts are Issued this Month Under it

Under the city's new water bylaw which went into effect on August 1 and on which charges this month are based, there are several new features with which many consumers may not yet have familiarized themselves.

Under the bylaw, the water service connection is increased. A one-half inch service now costs $15; three-quarter inch, $18, and one inch, $21. Each house is required to have a separate service and water accounts in future will be kept in the name of the owner and not of the tenant.

Those consumers who are supplied through meters will notice an increase in the rate as the minimum cost per 100 cubic feet is raised from 13c to 20c. The schedule operates on a sliding scale from 1500 cubic feet at 20c per hundred to 160,000 cubic feet or over at 5c.

The minimum monthly charge for any service will be $1. All rates are subject to a discount of ten per cent if paid on or before the fifteenth of the current month except, where payment is made six months or more in advance, when a discount of fifteen per cent will be allowed.

FAMOUS WATERLOO BRIDGE MAY FALL INTO RIVER SOON

LONDON, Aug. 7.—The famous Waterloo Bridge may fall into the river this year, the London County Council was told by C. A. G. Manning, an engineer, who pointed out it would place South London in danger if eighty thousand tons of masonry suddenly collapsed into the Thames.

While the County Council engineers deny there is cause for alarm just yet, they admit the bridge is slowly sinking. Almost hourly examinations are being made to determine the exact condition of the historic bridge, and on the first sign of collapse it will be closed.

The assault case against Solomon S. Brethwaile was adjourned this morning in the police court until Monday.

TIMBER SALE, X 7199.

Sealed Tenders will be received by the District Forester not later than noon on the 25th day of August, 1925, for the purchase of Licence X7199, situated north of Separation Point, Tolmie Channel, C.R. 3, to cut 284,000 feet board measure of Spruce, Cedar, Hemlock and Balsam Sawlogs.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

HALIFAX HERALD HAD NOT ALL THE FACTS

Item Leading up to Editorial Attack on C.N.R. More Fully Explained by New Glasgow Eastern Chronicle

In regard to the editorial "Private Cars in Canada," reprinted recently in the Daily News from the Halifax Herald, a local reader has forwarded to the editor a copy of the New Glasgow Eastern Chronicle which further explains the incident that led up to the editorial being written in the eastern paper. The Halifax Herald, which is a strong Conservative paper, apparently seized on the item from the Eastern Chronicle to launch an attack on the C.N.R. management before the facts were fully known. The Eastern Chronicle says it is really too bad that the Halifax Herald chose for a text, to base an attack upon private cars, that particular item from the Eastern Chronicle. We are thoroughly in accord with the Herald, on the question of private cars, a pernicious system that was introduced into public life in Canada by profligate Tory politicians, politicians who rode them to death, as far as public sentiment in Canada is concerned, a long time prior to any Liberal advent to power.

We also agree with what the Herald says about the railway Moloch, which was wished upon Canada by a Tory government, and which is today a terrible burden of taxation and a deplorable hindrance to trade. Both are good subjects of attack when properly placed and are fair samples of the pernicious conditions and practices placed upon Canada by Tory rule which it is very difficult for her to recover. The reason we regret the Herald's use of the tiem is that it was not in detail correct. Nor, was it intended to convey such an interpretation as the Herald in its anxiety deducted. The car was not Mr. Fraser's, but Superintendent Martin's of the Eastern Division of the C.N.R., which he graciously sent to Truro as a special complement, knowing that the train upon which Mrs. Fraser was travelling reached Monastery at the unseemingly hour of two o'clock in the morning, from which station a drive of twenty miles to Guysboro has to be undertaken. We regret our careless share in the incident, and it would be an ungrateful country that would find any suggestion of fault in an act of courtesy towards a lady of the land so worthily entitled as the aged widow of the late Lieut.-Governor of Nova Scotia.

UNITED CHURCH OF CANADA IN PRINCE RUPERT DISTRICT IS INSTITUTED AT MEETING HERE.

(continued from page one)

effect, that he had never seen a drunken man.

Following the dinner; the first meeting of the new presbytery was held. Rev. G. G. Hacker of Prince Rupert was elected chairman of the presbytery and Rev. W. J. Parsons of Terrace, secretary. The balance of the meeting was taken up in surveying of the work of the church and routine business. The meeting continued this morning and the session closed at noon.

The Delegates

The following were the ministerial delegates to the meeting: Rev. William Allan and Dr. William Sagar of Port Simpson; Rev. G. G. Hacker of Prince Rupert; Rev. Robert Scott of the Crosby Marine Mission; Rev. W. H. Pierce of Port Essington; Rev. J. C. Spencer of Bella Bella; Rev. William Deans, of Ocean Falls; Rev. C. D. Clark of Anyox; Rev. W. J. Parsons of Terrace; Rev. J. H. Young of Terrace; Dr. H. C. Wrinch of Hazelton; Rev. A. C. Pound of Hazelton; and Rev. Victor Sansum of Kispiox.

Lay delegates were Earl Barrie of Prince Rupert; Capt. Oliver of the Crosby Marine Mission; K. S. Smith of Ocean Falls; Mrs. Florence C. Joy of Terrace; Mrs. Annie J. Sawle of New Hazelton; John Newick of Hazelton.

This afternoon the delegates are being taken for a cruise on the mission boat Thomas Crosby.

AWARDED DAMAGES

VANCOUVER, Aug. 7.— Concluding an arbitration here, Dr. J. F. Jamieson has been awarded $26,000 and costs, which have been allowed at $2,848, against the Powell River Company, to compensate him for damages which will be occasioned the site of his shingle mill through the raising of the water in Powell Lake eighteen feet. The arbitrators were J. P. Smith, K.C. Dugald Donaghy, and J. A. Ward Bell.

GOLD ORE MINING CO., LTD. (N.P.L.)

NOTICE IS HEREBY GIVEN that the Resident Engineer, No. 1 Northwestern Mineral Survey District, British Columbia, upon receiving notice of an advertised and solicited sale of shares in a certain company, viz., the Gold Ore Mining Company Ltd. (N.P.L.), upon statements or terms not in accordance with the actual facts and conditions has notified the undersigned, the Minister of Mines, who upon investigation and in pursuance of Section 16 "Mineral Survey & Development Act," Chapter 160, R.B., B.C., 1924, finds it necessary to prevent injury to investors to give the following notice:

That the said Resident Engineer, under date 23rd July, 1925, has submitted to the Minister of Mines a detailed report and comment on statements contained in an advertisement appearing in a certain publication circulated in the Province of British Columbia and composed in terms which solicit the sale of shares in the said Gold Ore Mining Co. Ltd. (N.P.L.).

Said advertisement is headed **"Gold Ore"** and a leading paragraph reads:

"In speaking of the Eagle Group of claims belonging to the Gold Ore Mining Co. Ltd., 'John the Finn' has this to say: 'There are two distinct veins on the property that can be traced for four hundred feet on the surface.'"

The said Resident Engineer's comment on the foregoing follows:

"The north vein has one open cut on it and the south vein has three cuts which trace it for a distance of about 150 feet."

Said advertisement in the same paragraph contains the following words:

"One vein varies in width from 25 to 30 feet while the other runs from 10 to 12 feet."

The said Resident Engineer's comment hereon follows:

"The north vein shows a mineralized width of approximately 10 feet. The south vein varies from 4½ to 6 feet in width."

Said advertisement in the same paragraph contains the following words:

"Open cuts on these veins at different distances have shown an average of better than $30.00 to the ton in Gold, Silver and Lead."

The Resident Engineer's comment hereon follows:

"An average sample taken across the face of the north vein where stripped on the surface, for a width of 9 feet, gave assay returns of 20 cents per ton gold and 7 cents per ton silver or a total of 27 cents per ton. There is no lead showing in this vein whatever.

"An average sample taken across the upper cut on the south vein, across 54 inches about one foot from the bottom of the cut, gave assay returns of 20 cents per ton gold, $3.43 per ton in silver at 70 cents per ounce, and the negligible amount of 1.61 per cent lead, a total of $3.63 per ton.

"A selected sample from the dump of the upper cut on this south vein — the north vein is of no importance—of the best ore, consisting of clean iron sulphides with a trace of galena, gave assay returns of 40 cents per ton in gold, $27.65 per ton in silver, or a total of $28.05. There is, however, a very small percentage of this class of ore and it would not pay to mine and mill the average ore to make this class of concentrates."

That a pamphlet, on the first page of which appears the words: "At the End of the Trail in Your Search for Success, Gold Ore," has been published and circulated in the Province of British Columbia and that the same in its terms solicits the sale of shares in the said Gold Ore Mining Co. Ltd. (N.P.L.).

That the said pamphlet, in one of its leading paragraphs, and in respect of the Morning Star Group of Mineral Claims, which is described as "property number two" of the Gold Ore Mining Co. Ltd. (N.P.L.) uses the following words:

"This property (meaning the Morning Star Group) lies adjacent to such well-known properties as the Sunshine, L. & L., Glacier, Dunwell and others."

The Resident Engineer's comment hereon follows:

"It adjoins the Sunshine which is a prospect. It is a mile from the L. & L., and over 2½ miles from either the Glacier Creek or Dunwell properties."

That the said pamphlet, in reference to "property number one" (meaning the Eagle Group of Mineral Claims) uses the following words:

"This (property number one) will be drifted in the vein and it is thought that ore taken out from the start will more than pay for the expenditure, at the same time proving up a big body of high grade ore."

The Resident Engineer's comment hereon follows:

"Impossible from value of ore as explained preceding. There is no high grade ore."

WM. SLOAN,
Minister of Mines.

July, 1925.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO END OF DECEMBER, 1924.

Has produced Minerals as follows:—Placer Gold, $77,382,953; Lode Gold, $118,473,190; Silver, $68,824,579; Lead, $70,548,578; Copper, $187,489,378; Zinc, $32,171,497; Miscellaneous Minerals, $1,451,349; Coal and Coke, $260,880,048; Building Stone, Brick, Cement, etc., $42,225,814; making its Mineral Production to the end of 1924 show an

Aggregate Value of $859,427,386

Production for Year Ending Dec. 1924, $48,704,604

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
Victoria, British Columbia.

N.B. — Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

Friday and Saturday, 7 and 9 p.m.
Saturday Matinee, 3 p.m.

BUSTER KEATON in "Seven Chances"

If you want to go laugh-insane, chuckle-cuckoo, giggle-bugalorium, see Buster as a sap with $7,000,000 and 7,777 would-be brides on his trail.

He proposes to 7 girls, is proposed to by 77, is wanted by 777 and chased by 7,777. The Belasco stage-bit magnified, glorified and pie-eyed by Buster. In answer to a newspaper ad, he was just swamped with femininity. Twenty-four hours in which to find a bride. A church full of willing women and only one man to be the husband. It's the funniest comedy-romance that ever decorated a screen.

Girls! Girls! Girls! Slathers of them! Two hundred of the prettiest extras that could be found in Hollywood.

Strong supporting cast: **Buster Keaton, Ruth Dwyer, T. Roy Barnes, Frankie Raymond, Erwin Connelly** and many others.
