#### DAILY EDITION

Tuesday, Sept. 8, 1925.

Sudden Interest Of C.P.R. Officials.

The sudden interest taken in this section of the railway by C.P.R. officials is rather interesting and is exciting comment. It is sonly recently that the company knew the port existed, except for the boats to call. Now we have one of the the best selling novel by that The picture will open here on most important vice-presidents and other officials here and name pleased hundreds of people Wednesday. also recently a C.P.R. man interested in the power possibilities. hast evening at the Westholme

awakening to the fact that the city is to become important and tonight. It is one of the big pic- NORMA TALMADGE IS we hope they will continue that interest and resident and tonight. we hope they will continue that interest and possibly become tures of the year, secured by the even more interested here.

#### Few Realize What Portland Canal Means.

The development of the Portland Canal mining region, title role. As Alix Vervier, she which is going on steadily, is bound to have a great effect on invades a fashionable home with Norma Talmadge, in her latest business conditions in this part of the province. So far there the idea of making a good mar- First National picture, "Secrets." has been but one shipping mine, but before long there may be riage - a marriage which her here at the week-end, plays four a dozen. The development of the mines on Bear River is the mother's indiscretions have made different roles in four different most important phase of progress in that district. It is so much impossible for her in France. periods and in gowns of four difmore accessible than the Salmon River Valley from the British Alice Joyce plays Madame Ver- ferent cycles. Columbia port of Stewart that it means much more than does vier, who as Alix says, "cannot It is a picture of modern the Premier Mine, important as the latter is.

The next step may possibly be the erection of a smelter Jowitt, new to the screen, is other periods of American home it is his intention to remain. to handle the ores which now are sent out of the country for Madame's latest flame, an Eng- life. The picture shows Norma treatment. Probably Prince Rupert may be the logical site lish army officer who neglects first a young wife of the early for a plant. Where rail and water meet is usually the scene his financee to spend his leave days in Wyoming and the far of activities of that sort.

#### Kimona Clad Can Openers.

Nellie McClung, author and lecturer, but a lady who is Toppie. not a housekeeper although she is married, has been lecturing. The mother, a complex creat- photoplay's stery next show her in the East and telling people there they should not be "lie ure, ever attractive to men, is a in the gowns of the late '80s of abed kimona and boudoir cap clad can openers," but should be brilliant contrast to her hardly the last century. Her hair has more like old-fashioned women.

While having a strong admiration for Mrs. McChing, we whose first and strongest instinct grown but it is the same Norma do not like the insimuation that women today are not as good is the protection of this mother of the early sequences of the as women used to be nor do we like the suggestion that women of whose "affairs" she becomes should spend all their time in the kitchen. Times have changed cognizant. during the last generation and women today are different and The unusual relation between in 1923 settings. will be even more different yet. They are evolving.

At one time women, speaking generally, were the slaves trast between the strict English ture. It has an unusal story of men, created, it was thought, to cater to their appetites, middle-class moral standards which is developed in a rove whims and fancies. If women did not do their duty they might and the freer French codes, are be beaten and if clever or very pretty they might be ducked or graphically and logically por- splendid opportunity, of which
