MUST GO OUT AFTER TRADE

A. Melville Dollar Says While Some are Thinking it Over Others Are Getting Business

FUTURE OF PACIFIC

Immense Growth in Past Few Years and Increase is Still Going on

"Our businessmen must realize that business abroad can only be secured and maintained by personal contact," said A. Melville Dollar at the Winnipeg Conference recently. "Bear in mind always," he continued "that while we are 'thinking it over' the other fellow is getting the business. Just as Great Britain is developing the Pacific trade and gradually climbing up to top place, just so must we in Canada and particularly you manufacturers and businessmen of the east, grasp the opportunity now."

Captain Dollar told of the immense growth of trade on the Pacific and quoted the business with Japan and India as examples. Pacific ports were among the largest in the world. While New York had the largest tonnage of shipping Hong Kong came second, with only two million tons less and Shanghai tied for sixth place with Liverpool. The history of shipping on the Pacific ocean would indicate that the future centre of the world shipping will change from the Atlantic to the Pacific just as in the past it changed from the Mediterranean to the Atlantic.

Mr. Dollar then traced the growth of the port of Vancouver showing how it had gradually developed. Incidentally he told of the growth of the wheat business. In 1921 there was a shipment of 1,750,000 bushels. The next year in round figures it was 14,000,000 bushels. This increased in 1923 to 24,000,000 bushels and in 1924 to 53,000,000, and very soon they expect it to reach 100,000,000 bushels. These figures were not for crop years but calendar years. He said he believed the Pacific route was an economically sound proposition from the national viewpoint of Canada.

The season is open;
She's let it go out.

Eczema Was So Bad Could Hardly Sleep

Mrs. G. Jones, Kitscoty, Alta., writes:—"I had eczema on my left hand, and my first finger was so swollen, sore and itchy I could hardly sleep at night.

I got a prescription from my doctor, but it did me no good, so I finally began to take

Burdock Blood Bitters

After I had taken three bottles I was completely relieved of my eczema, and would advise any one suffering from any disease of the blood to use B.B.B., as it's worth its price many times over."

This valuable preparation has been on the market for the past 47 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE MAN IN THE MOON says:

LET us have a sweepstake on the length of life of the new Briand Government in France. Will it be two weeks or two months.

THE longer this mild weather lasts the madder the coal dealers get.

"LEAD us not into temptation but if it comes along do not be too strict."

A FRIEND of mine says he is taking a course in conversation. Asked where, he casually remarked it was at the barber shop.

THIS is the time of year when the holes in the socks are neglected in favor of making Christmas presents.

I WAS a little checkered sock
On a neat and shapely foot.
But just because a hole is there
In a bureau drawer I am put.

And I'm a dainty silken sock
A lady loved to wear.
But hole in toe laid me aside
From privilege so rare.

FRANCE wants to pay its debts but no Government in that country has survived yet that has made a proposal for doing so.

DID you ever make cider. I have. When you first make it, it is very sweet and if you drink much it makes you ill. Next it begins to fizz and get hilarious and people who drink it get hilarious too. Then gradually it sours and eventually turns to vinegar unless proper steps are taken to interfere with the natural course. That's something like people.

IF little things worry you, then you are not very big.

THE good die young, but it is interesting to know that people are living longer than they used to.

WHEN I was young and good
I wanted much to die,
But now I'm old and getting grey,
For more of life I sigh.

A PERSON who watches the clock always remains one of the hands.

THE place where children used to be kept was called the nursery and the place where cooking is now done is called the cannery.

Children's Colds

Are best treated externally. Check them overnight without "dosing" by rubbing Vicks over throat and chest at bedtime.
