PARACHUTE IN EVERY 'PLANE

Safety Device Ordered by Government For All Air Force Machines

OTTAWA, Aug. 6. — Parachutes are being supplied to all pilots of the Royal Canadian Air Force. The parachutes, which were recently purchased, are now being tested at the air force station at High River, Alberta, and distributed to the various stations throughout Canada. The new equipment will constitute a regular part of flying kit to be used in the day-to-day work of the force.

Recent experiments in Canada and the United States have proven the feasibility of the parachute for use from airplanes and already the United States army air service has been supplied with them and the air mail service planes are being equipped similarly. Already numerous casualties have been avoided by the fact that pilots have been able to escape from a burning machine or a machine which developed trouble over country where no landing area was available.

The type of parachute being issued to Canadian flying men is made so that it is actually part of the pilot's seat in the cockpit of the plane. The Canadian air force planes have been altered in construction slightly to permit the bulky package of parachute, which weighs about 30 pounds, to become part of the pilot's seat.

HEART FAILURE CAUSE OF DEATH

Inquest Held Yesterday Over Robert Parks Who Died at Week-end

The jury empanelled to inquire into the death of Robert Parks brought in a verdict yesterday afternoon of death from heart failure.

Dr. Cade, in giving evidence, said that he had attended the deceased at different times. Three years ago when it was necessary to perform an operation for appendicitis the action of the deceased's heart gave cause for anxiety. Other witnesses, who were present with the deceased at the home of R. Cherry on Saturday evening where a social evening was being spent, said that there was no indication given by the accused that he was not in good health when they left him lying on the couch in the kitchen. Two of the witnesses said that they understood that deceased had made application to join the Railwaymen's Association but had been refused admission even as an associate member on account of the condition of his heart.

R. Cherry, S. Douglas, A. E. Tisdale, Mrs. R. Parks, W. Miller, H. McGlinchy and Dr. Cade completed the list of witnesses before the jury then retired and brought in the verdict as above.
