## This Boy Gets Lesson

For obvious reasons we cannot give the name of the mother whose son brought home three cans of an eastern canned milk when she had sent him to get Pacific Milk. The boy is 18 and works in a local factory.

She writes that she made him go back and change it because he should realize that his own position depends upon others using Made-in-B.C. products. We admire this mother.

### A VALUABLE TIP.

A man once complained to a broker that he couldn't get back a loan of one hundred pounds from a debtor. Being advised to sue, the unlucky creditor had to confess that he had no note or other written acknowledgement of the debt.

"But it was only one hundred pounds," objected the other man.

"Exactly. He will write back, and then you will have your acknowledgement."
