Grain Will Come This Way Soon.

The delay in the completion of the terminal grain elevator here is said to be the only reason why grain is not already being shipped through this port. Conditions have been favorable to Prince Rupert this fall but the port was unable to take advantage of them. However, it is confidently hoped that it will only be a short time after the elevator is completed about the middle of next month until the wheat begins to move this way. With the movement of grain heavy to the Pacific this season and all handling facilities on the coast being needed to handle it and with the authorities in charge working to have the Prince Rupert elevator put to use at the earliest possible moment, only a few weeks should now elapse before trade should be using the port and, once shipping starts this way, we are confident that the volume of the business will increase although it will, of course, be necessary for local interests to do all in their power to keep the business coming this way.

Business Penetration Of The Orientals.

According to an article published in this paper on Thursday the Orientals have penetrated into the business of Vancouver to such a degree that it is now feared they may be in control before long. What is occurring in Vancouver is also occurring in Prince Rupert perhaps to as great a proportional extent. If the patrons of the Orientals were confined to people of their own race, objection could hardly be taken to their being in business. Also it would not be possible for them to capture a very large proportion of the retail trade. After all, it is for the white residents of any city to decide how much business the Oriental trader is to get. If they object to the Oriental expanding in business, they can prevent him from doing so by refusing to deal with him. If they do buy from him, they are encouraging him and, at the same time, are taking their business away from the whites. It is vain for white people to bemoan the penetration of the Oriental and, on the way down the street, buy an article at a Chinese or Japanese store because it may be offered at a slightly lower price.

Popular Vote Even And Yet Uneven.

The total vote polled by the various parties on October 29 is now available, with the exception of that in one Quebec and one Ontario constituency and in the Yukon. Taking the dominion as a whole, each political element obtained seats about in proportion to the ballots cast for its candidates. But in few of the provinces is there any close relation between the representation and the popular figures. The latter shows that Ontario and the maritimes are nothing like as predominantly Conservative as the number of seats won by the party would indicate and that Quebec is far from being as solidly Liberal as one would think on learning that the government carried.

In British Columbia, the Liberals would have done better if the number of seats had been awarded on the popular vote basis. On the prairies, the outcome would also have been different. Taking the Dominion as a whole, however, the standings of parties would have been about as it is.

CHRISTMAS OBSERVED AT GENERAL HOSPITAL

Nurses and Patients Were Not Forgotten by Santa Claus on Day of Days

The Prince Rupert General Hospital was by no means the least cheerful place in this city on Christmas Eve and Christmas Day. The place had been beautifully decorated by members of the staff with outside assistance and the wards and corridors presented a real Yuletide appearance. The nurses and patients were not forgotten by their friends and many gifts were brought to the institution during the day.

On Christmas Eve, the nurses' Christmas tree was unloaded of its gifts in the Home. Yesterday morning there was carol singing by the nurses and the boys' band was on the scene to serenade the patients.

FORMER TEACHER HERE MARRIED IN VANCOUVER

Miss Irene Stewart Became the Bride of George Clark at Ceremony Last Monday

Local friends will be interested to learn of the marriage which took place quietly at the home of F. R. Stewart, Shaughnessy Heights, Vancouver, last Monday night when his niece, Miss Irene Stewart, formerly of the teaching staff of the Prince Rupert public schools, became the bride of George Clark, Rev. Dr. E. D. McLaren officiating. Miss Dorothy Brenchley acted as bridesmaid and James Lawrence was best man.

After spending a honeymoon at Vancouver, Mr. and Mrs. Clark will take up their residence a West Point Grey.

BOYS' BAND GAVE PUBLIC RECITALS

Performances at Christmas Received Great Deal of Favorable Comment

The boys' band took an active part in the public celebration of the Christmas season. Under the leadership of Bandmaster Wilson, the boys paraded the streets on Christmas Eve and played appropriate selections at various corners. On Christmas morning, the boys, among other places, visited the hospital where their music was greatly appreciated.

The playing of the boys reflected credit on the training of Bandmaster Wilson and received a great deal of favorable comment at the hands of the citizens who heard it.

Ready response was given by the public in the collection for band finances.

QUEBEC LEGISLATURE MEETS JANUARY 7

QUEBEC, Dec. 26.—When the Quebec legislature meets on January 7, it will find Hon. L. A. Taschereau in his place attending his twenty-sixth session of this body and his sixth as premier.

Since the last session of the legislature there have been no changes in the cabinet, though the rank and file of members will have undergone a change. Owing to four by-elections on Nov 30, three new Liberal members will be in attendance representing Berthier, Champlain and Jacques Cartier and a new Conservative deputy from Argentouil. The standing of the parties is the same as last session: Liberal, 64; Conservative, 21.

Arthur Sauve, leader of the Conservative opposition, will be lacking the powerful support of Hon. E. L. Patenaude, who resigned his seat in Jacques Cartier in order to take part in the Dominion general elections.

SPECIAL SERVICE LUTHERAN CHURCH

Large Attendance in Metropole Hall Yesterday Morning

A special Christmas service of St. Paul's Lutheran Church was held yesterday morning in the Metropole Hall. There were several numbers by the new choir being trained by John E. Davey as well as by the regular choir. Rev. P. E. Baisler preached on "Prophecy Fulfilled."

NOW we hear about an auctioneer motorist—one who is always knocking things down.

A GIRL is said to be in love when one stocking is rolled down and the other isn't.

AN Englishman has written a book entitled "How to Fish." It would have been more to the point had he have written a book to the fish entitled "How to bite and hang on."

THE pinnacle of impossibility is for a blind man to try and find a black hat in a dark room.

GLASGOW CITY HAS BIGGER AREA NOW

Boundaries are Extended to Increase Acreage by one half on Account of Overcrowding

GLASGOW, Dec. 26.—(Canadian Press Despatch.) — By a special bill put through Parliament the boundaries of the city of Glasgow have been so extended as to increase the acreage of the city by about one half. Portions of Dumbartonshire, Lanarkshire, and Renfrewshire to the extent of 10,500 acres are being taken in. The value of the area is about a quarter million pound sterling. The reason for the extension is the over growing of the city and the shortage of houses. The corporation has bought several large areas for houses.

THREE ADDITIONS TO ROYAL FAMILY ARE COMING SOON

LONDON, Dec. 26.—The royal stork is going to be as busy as Santa Claus was on Christmas Day. Three additions to the British royal family are expected before the winter is over. Princess Mary, the Viscountess Lascelles, soon will withdraw to her country place at Newmarket to prepare for a third visit from the busy bird. The Duchess of York is anticipating a similar caller and things are being made ready for the third baby at the Park Lane home of Lord and Lady Louis Mountbatten.

The Improved
Ford Touring Car

AN all-steel body on the improved chassis, with a new top designed to harmonize with the reduction in height, gives the Touring Car a grace and smartness heretofore unapproached.

Advances in comfort have kept pace with improvements in design. Placing the fuel tank under the cowl has made it possible to lower the seats, giving greater leg room and added comfort for driver and passengers. Ventilation and driving vision are improved by the new touring windshield, the lower half of which is adjustable.

The side curtains, generally re-designed to conform to body and top changes, add the final detail of touring comfort.

When in place, the curtains open with the doors and combine wide vision with lasting durability.
