BANDITS MAKE BIG HAUL IN PRAIRIE CITY

C.N.R. HEADS VISIT PRINCE RUPERT IN COURSE OF ANNUAL INSPECTION TRIP

Daylight Robbery This Morning in Winnipeg; Big Payroll is Taken

WINNIPEG, Aug. 14.—Five bandits this morning held up and robbed cashier Shaw of the Winnipeg Electric Company of an amount, estimated by the officials at between fifty and seventy-five thousand dollars.

Shaw was returning from the bank with the payroll money when he was surrounded by the robbers as he stepped from the automobile. He was slugged over the head with a revolver and the men then made off with the loot.

The robbery occurred on the busiest corner of the city in view of hundreds of people going to work.

After securing the money the robbers took the company's automobile and forced the driver to speed up amidst the heavy traffic and disappeared after a ride of half an hour. The car was abandoned and the driver returned to the company's office.

Secured Big Sum

WINNIPEG, Aug. 14. (Noon)—It is officially announced that the bandits secured \$87,478 in the robbery this morning. No trace of the men has been found.

CANADIANS HAD GOOD HEARING

Colonel J. W. Nicholls Says Evidence was Convincing Favor of Tariff

"In view of the sympathetic hearing that was given the Canadian delegation and the desire for co-operation with the United States fishing fleet that was expressed, it is my impression that a recommendation will be made for a reduction in the tariff on Canadian halibut entering the United States," stated Col. J. W. Nicholls, comptroller for the Canadian Fish & Cold Storage Co., on his return this morning from Seattle where he attended the halibut tariff conference this week.

Col. Nicholls states that the Canadian evidence was presented in a very clear and convincing manner and appeared to have been favorably received by the entire commission. Both sides are to prepare briefs which are to be in the hands of the commission by September 15 and it is expected that subsequently the commission will make its recommendation to the president of the United States within reasonable time.

Col. Nicholls attended the entire session which opened on Monday morning and closed at midnight on Tuesday. The other delegates who went south from here to give evidence are expected back on the next steamer.

TROLLERS ARE AGAINST TRAPS

Officers of New Dundas Island Trollers' Association Active Enrolling Members

The newly formed Dundas Island Salmon Trollers' Association is very active, enrolling new members and using every endeavor to prevent the building of fish traps, which they claim will interfere with their opportunities of making a living.

They claim that just as soon as the Alaskan fish traps close the fishing at Dundas always improves. Whether the fish come to Dundas from Alaskan waters they do not know but that is a theory that some of the trollers hold.

The officers of the new organization are as follows:

President: Capt. W. A. Brown of the gasboat Ox.

See-treasurer: Capt. Morse of the Sygen.

Executive committee: Capt. Readmond of the Irish Belle; Capt. Martinson of the Nor; Capt. Steinerson of the Mary Ann; Capt. Charles Thorburn of the Rex; Capt. Sanstrom of the Aanga.

Delegation Urges Continuation of Matriculation Class Local High School; 8 Pupils Ready

A deputation consisting of Rev. Dr. H. R. Grant, Dr. W. T. Kergin, D. J. Matheson, George D. Tite, P. E. Baister, Mr. and Mrs. A. G. Clarke and H. T. Gross appeared before the school board last night with the request that the board reconsider the decision recently taken to discontinue the Senior Matriculation class in the High School. After members of the delegation had been heard and the trustees had discussed the matter in a non-committal way, it was decided to leave decision over until next week when the full board will be in the city.

In introducing the delegation, G. H. Orme, chairman of the board explained that Trustee Rochester in February had given notice of motion that the Senior Matriculation class be discontinued. Later in the year, this motion had been unanimously rejected by the board.

Eight Pupils

Rev. Dr. H. R. Grant, the first spokesman for the delegation said that the delegation was not present to dictate to the board. It was felt, however, that the views of the parents affected might shed further light on the question in hand. Eight parents representing at least eight children, had signed a petition now before the board that the Senior Matriculation class be continued. One reason for making the request was that the pupils involved in the discontinuation of the class were fairly young—about sixteen years old—and conditions in the large cities were not altogether favorable to sending them there. If the class was eliminated, it would be necessary to send them away or else lose a year by keeping them at home. Some of the parents would not be in a position financially to send their children away even if they were willing to do so.

Dr. Grant then referred to the (continued on page five)

Sir Henry Thornton and Party of Railway Officials are in the City Today; Leave Tomorrow

Sir Henry Thornton, president of the Canadian National Railways, and his party of directors and officials arrived in the city on the Prince Rupert this morning from Vancouver in the course of an annual western inspection tour. They will proceed East tomorrow morning at 9 o'clock by special train.

The party was met at the steamer by the entertainment and a special committee of the board of trade, Fred Stork, M.P., and F. G. Dawson, local director of the Canadian National Railways.

At 12 o'clock Sir Henry met the board of trade committee in the Prince Rupert Club to take up local matters and at 1 o'clock in the Boston Hall a luncheon in honor of the railway head took place. This afternoon Sir Henry and his party inspected developments on the waterfront and in the railway yards. Tonight there will be private entertainment for the party.

Besides Sir Henry Thornton, the visiting party includes Major Graham A. Bell, deputy minister of railways and director; J. Mill Gardner of Brockville, Ontario, director; W. A. Kingsland, new general manager of western lines; Mr. and Mrs. Blair, brother-in-law and sister-in-law of Sir Henry Thornton; Mr. and Mrs. Gaston, personal friends of the president; J. R. Cameron, assistant general manager; H. A. Dixon, chief engineer, Winnipeg; A. H. Eager, general superintendent of motive power, Winnipeg; R. Creelman, passenger traffic manager, Winnipeg; G. A.
