

**When Pay Day Comes**

The first claim you should meet on pay day is your savings. Your money will prove your best friend in time of sickness or unemployment—if you have saved it.

There comes a time for all of us when earnings decline and ability to earn must weaken. Only one thing can take the place then of your present earning power—that is, the capital acquired through your present savings.

Ask for our booklet, "The Measure of Your Income." You will find it helpful.

**Girls who study Chemistry**

A knowledge of chemistry quickly teaches girls the value of a good pure soap like Baby's Own Soap. They know why its freedom from excess of alkali makes it so precious for delicate skins, which are easily affected by strong soaps.

Baby's Own Soap is most pleasant to use, its creamy fragrant lather being very agreeable. It is used in many thousands of homes throughout Canada. Its low price is an added incentive.

"Best for you and Baby too"
