SOVIET RED ARMY SMALLER THAN THAT OF FRANCE CLAIMED

WASHINGTON, July 11.—The Red Army of Soviet Russia is 183,000 less than the armed forces of France and 170,000 less than the combined armed strength of Poland, Rumania and the Baltic states, says the report of M. V. Frunze, commissar of the Soviet army and navy. The report, a copy of which has been received at the Russian Information Bureau here, was made by Frunze, the successor to Trotzky, at the recent Congress of Soviets at Moscow.

The Soviet army of 529,000 men, says thereport, represents an average of 41 soldiers for each 10,000 of population, while on the same basis Rumania and Poland each have 100 soldiers, and France, exclusive of colonies, 200. The Soviet naval roster is given as 32,000, making the combined armed forces 562,000.

WANTS TO FLY ACROSS OCEAN

French Airman Would Make Non-Stop Flight From France to United States

PARIS, July 11.—Paul Tarascon, French "ace" and pioneer in prewar flying in Europe, has been bringing all the pressure he can to bear on M. Painleve at the war office and M. Laurent Eynac of the aeronautic department to enable him to make his proposed non-stop flight across the Atlantic this summer.

Tarascon, who lost a leg before the World War and had difficulty in getting into the service, will be accompanied by another skilled air pilot, if the flight is made, Francois Coli, a naval officer who accompanied Roget on his France-Rumania flight and on his "stunt trip" of crossing the Mediterranean twice in one day.

It is planned to start the flight toward the end of this month, provided the necessary government authorization can be obtained, leaving from Le Bourget airdrome, just outside of Paris, and making the jump to Mitchel Field on Long Island. The French air authorities are counselling the two pilots to take off from Ireland or nearer the French coast than Le Bourget, and to aim for Newfoundland as a first landing place. Tarascon and Coli, however, persist in maintaining the flight can be made without a landing and are demanding a fair chance to prove it.

The plane they intend to use is the Breguet "Paris-Tokyo" model made famous by Captain Pelletier D'Oisy on his flight a year ago. The engine will be either the Hispano-Suiza or the new Renault.

BISHOP BUNOZ GOT GREAT RECEPTION

Indians Met Him With Large Flotilla on Lake Babine and Manoeuvres Followed

Bishop Bunoz during a recent visit to Babine Lake was accorded a great reception by the Indians, according to Father Allard who, telling the Interior News of it, said:

"Near the end of his hundred mile trip up Babine Lake from Stuart Lake, Bishop Bunoz was met by a large flotilla of water craft, the native skippers conducting a program of manoeuvers that would have done credit to the most experienced native, the occupants meantime singing religious songs."

If weather conditions continue unfavorable it will be difficult to maintain the schedule of games as outlined by the clubs for the balance of the season. Sometimes in Prince Rupert not a single baseball game has been postponed during the entire season on account of bad weather, and this record is one which can scarcely be duplicated anywhere. However, the fast few days have been rather discouraging to fans and players alike and it is hoped the wrath of the weather man will soon be appeased, and we shall have good weather for the remainder of the games.

At a meeting of the Football Association last night it was decided to have the replay of the Dominion cup final on next Thursday, and the regular league game scheduled to take place on that night will be postponed until the end of the season.

The Cold Storage team for Monday evening's game will be selected from the following players—A. Murray, C. Whatman, H. M. D. Lambe, H. Carlson, J. Simms, J. Corbett, S. Darton, E. Bye, S. Elder, F. Hardy, J. Norrington, R. Matheson, B. Walkland and J. Torney.

The scheduled game called for last evening between the Sons of Canada and the Gyros had to be called off on account of rain. The date of the game will be announced later.

JOE SCOTT WINNER AT TRAPS YESTERDAY

Joe Scott	24
P. Rorvik	23
E. C. Gibbons	17
R. Harrup	16
D. Thomson	15
J. Keefe	14

Tug Cape Scott Brings Three More Scows North One Loaned with Coal and Lumber

Two more scows have arrived for the elevator contractors and left last night in tow of the R.F.M. for Hastings Arm to load with gravel. They were brought in about midnight by the Hecate Straits Towing Company's tug Cape Scott, which also brought in a scow J.C.33 with coal and lumber for Albert & McCaffery.

The Cape Scott left soon after her arrival for Alice Arm where she will pick up a tow of logs for the Prince Rupert Spruce Mills at Seal Cove.

The two scows which have just been put into service are V.T.B.12 and Marpole V.

AMERICANS SLOWER THAN ENGLISH SAYS WASHINGTON VISITOR

PLYMOUTH, July 11. — That Americans are a lot slower than the British is the opinion of Lady Nott Bower, who was one of the delegates to the National Council of Women at Washington.

"The Americans run about a lot," she said on her return to Plymouth, "but they don't get as much done as the English do."

All the returning English delegates to the council were enthusiastic about the reception which they received and the hospitality shown them while they were in America and Canada.

Mrs. Ogilvie Gordon, the first vice-president, said the women's movement was advancing by leaps and bounds in America and immigration conditions were likely to improve owing to the efforts of the conference.

JAPANESE DELEGATE PEACE CONFERENCE

TOKIO, July 11.—Dr. Sakunoshin Motoda, formerly president of St. Paul University, has been designated as the Japanese delegate to the World Christian Peace Conference to take place in Stockholm next autumn. Dr. Motoda will be accompanied by Secretary Tsuga. They will travel by way of Siberia. The Japanese delegate, it is said, will submit to the conference a proposition aiming at the modification of the anti-Japanese immigration legislation of the United States by appealing to the sympathy of the world nations.

Lieut. C. A. Worth, R.C.N. of Ottawa, and supervising officer of the Royal Canadian Volunteer Reserve in western Canada, arrived in the city yesterday on a trip of inspection and will sail tonight for the south.
