ELKS' PICNIC AT ESSINGTON

Enjoyable Day Spent at Fishing Village in Spite of Weather —Concert and Dance

Inclement weather mitigated somewhat yesterday against the success of the Elks' picnic at Port Essington but the 125 or so persons who went from here to the fishing village made the best of it and had a good time in spite of the elements. The picnic was held on the school grounds and the visitors, after looking around town, assembled at Cunningham's Hall where the afternoon was spent with a musical program and dancing.

On Saturday night, the minstrel troupe, having gone up that morning, gave a performance and a dance in aid of Miss Laura Frizzell, the candidate in the Exhibition scholarship contest, followed.

The special train, taking the picnickers from here, left Prince Rupert at 9 o'clock yesterday morning and returned after 10 o'clock last night. The river was crossed by ferry from Haysport.

L. M. Fuller was in general charge of the excursion and was assisted by a committee consisting of W. E. Williscroft, Ben Self, George Waddell, Charles Balagno, E. Sabourin and Bert Morgan.

HAZELTON HAD FLOWER SHOW

Successful Event on Friday Was Opened by Mayor Newton— Hazelton Won Baseball

A very successful flower show was held by the Hazelton Horticultural Society at Hazelton on Friday last, the affair being opened by Mayor Newton of Prince Rupert. Weather in the morning was threatening but it cleared up sufficiently in the afternoon to permit of the program of the day being carried out.

The sport feature of the day was the baseball game between Hazelton and Smithers which was won by Hazelton 8 to 7. The pitchers were Schlenker for Hazelton and Mutch for Smithers. It was a nine inning game.

The day was wound up with a dance in the evening.

Mayor Newton returned from Hazelton Saturday night as did also Chet Schlenker, the local pitcher.

WIRELESS STATION BEING DEMOLISHED IN IRELAND TODAY

Monorail Line of Railway at Same Place Being Discontinued

DUBLIN, Aug. 24.—The two great Irish wireless stations at Clifden, County Galway, and at Ballybunion, County Kerry, are being dismantled and sold in lots or broken up for scrap. Clifden, during the Irish fighting, was destroyed by the irregulars, although compensation for the damage was made dependent on its reinstatement, the others preferred not to reconstruct, and sold to a Sheffield firm of iron merchants. The most conspicuous feature of the plant was four steel masts, each 325 feet in height, and each with guy ropes weighing 100 tons.

The Ballybunion station was originally erected as a possible rival of the station at Clifden and was bought over by the owners of the latter and never used. Its masts were of wood and were 525 feet high. Difficulty in disposing of it is caused by the fact that there is no transport by rail. The monorail railway connecting Ballybunion with the general railway system at Listowel has been discontinued. When constructed it was supposed that its smaller demand for space for the track would lead to its general adoption throughout Europe but it found no imitators.

C.N.R. steamer Prince Charles, Capt. Neil McLean, arrived from the south at 10:15 this morning having aboard 80 passengers, 50 of whom went East, the most of the balance making the round trip to Stewart and Anyox.

PUTTING IT PLAINLY.

THE DALLES, Ore., Aug. 19.—A thirsty tourist quaffed vigorously from a roadside spring between Mosier and Hood River about twenty miles from here. A sign lettered, "This water is contaminated," had been placed before the spring. Division Engineer Wanzer of the Oregon highway department, driving by, saw the drinker and stopped to warn him, only to be met by the question, "What kind of mineral water is this? I never heard of it before."

The State replaced the sign with one reading:

"This water is rotten. Not fit to drink."
