WHEREVER THERE ARE FLIES USE FLY-TOX

Kill the FLIES

You Can't Keep Your Food Under Glass

FOR health's sake the food must be kept fresh, clean, pure. Flies must be killed. They taint everything they touch. Disease germs drop from the maggoty ooze of the fly's filthy feet. That poisons food.

Use Fly-Tox. It is stainless, safe, sure. It costs little—half-pints fifty cents—and can be bought at groceries and drug stores.

FLY-TOX
It was developed at Mellon Institute of Industrial Research by Rat Fellowship

Made in Vancouver, B. C.

VIC FOLEY IS COMING

Dave Thomson, manager of the fair board, has received a letter from J. A. Foley, father and manager of Vic Foley, Canadian lightweight boxing champion, who is to meet Jack Newman on September 15 in the Exhibition hall in a championship bout, to the effect that the arrangements for the fight between Vic and the fair board are entirely satisfactory.

Vic Foley and J. Newman will arrive in the city a few days prior to the fight to enable both men to do a little preliminary training work prior to the bout.

KETCHIKAN MILL IS SHIPPING LUMBER

Working Ten Hour Day in Order to Fill Order For Export to New York.

The Ketchikan Spruce Mills today went on a ten-hour working schedule, to prepare for the big shipment of lumber it will send direct to New York on the freighter Commercial Guide, which outside of possibly some battleships, is the largest vessel so far to come to Alaskan waters, says the Ketchikan Chronicle.

Hereafter the first whistle at the mill will blow at 6 o'clock in the morning and work will be commenced at 7 o'clock. The noon hour will be from 12 to 1 o'clock and the day's work will end with a whistle at 6 p.m.

The Commercial Guide will arrive here between August 25 and September 1, and will load 1,500,000 feet of lumber here and a like amount at Wrangell for shipment direct to New York City by way of the Panama Canal.

Besides the 3,000,000 feet of lumber, the Commercial Guide will have available space for 2,000 tons of canned salmon, about 55,000 cases, and several local canneries are figuring on shipping this amount of their product direct to the eastern shore by the big freighter. If arrangements are not made for the shipment of salmon from Ketchikan, the balance of the Commercial Guide's cargo will be taken aboard at Seattle.

HELIUM SOLIDIFIED TRANSPARENT MASS

LEYDEN, Holland, Aug. 10. — For the first time helium has been solidified into a transparent mass by Professor W. H. Keesom of Leyden University, successor of the late Professor H. Kamerlingh Onnes, Nobel prize-winner for physics, who succeeded in liquidifying helium but was unable to solidify it.

Prof. Keesom's experiments in placing helium under high pressure, first in metal, then in glass tubes has now resulted in producing the solid substance.

FISH ARRIVALS

Three American and four Canadian boats marketed a total of 67,000 pounds of halibut on the Fish Exchange this morning.

Of this total the Americans landed 22,000 pounds and the Canadians 45,000 pounds. American caught fish averaged 16.4c and 10c to 11c, and Canadian caught fish 14.9c and 10c for first and second class catches respectively.

Following were the arrivals:

American

Valorous, 9,500, and Eastern Point 5,000, to Booth Fisheries.

Jack, 7,500, to Pacific Fisheries.

Canadian

Dolphin, 19,000, to Atlin Fisheries.

Gibson, 7,500, to Booth Fisheries.

Rosespit, 16,000, to Pacific Fisheries.

Brant, 2,500, to Canadian Fish & Cold Storage Co.

NEGROES OF AFRICA BENEFITED BY ISLAM

Number of Wives Natives May Take is Kept Down to Four Under Mohammedan Law

LONDON, Aug. 11.—That Mohammedanism benefits the Negroes of French West Africa to some extent is stated in a report which is to be presented at a missionary conference in Belgium next month by Professor Maurise Delafosse of Paris. One example he gives is that polygamy has been the prevailing custom, a man taking as many wives as he can afford to maintain and often more. The Mohammedan law restricts the number of legal wives to four which has been beneficial to the natives.
