### Directors of Powerful Old Country Financial House Coming to Coast

Vancouver claims it will get new industry forecasts say will be established within twelvemonth

VANCOUVER, December 29 .- The Vancouver Daily Province yesterday published the following:

"Two directors representing a powerful English financial house have left London for Vancouver to investigate the possibilities of establishing an iron and steel industry here. Dai Thomas, who represents the syndicate in this city, was advised of their departure by cablegram.

"Early this month Mr. Thomas received letters stating that the English house was favorably impressed with the opportunity of

that this 56 per cent cut applies only to two varieties of licenses-namely, salmon trolling and cod. Reduction of fishing licenses to Orientals has been put into effect steadily during the past four or five years and the same policy is being featured during the coming year.

### MEMBER BACK FROM OTTAWA

C. BRADY RETURNS TO TOWN AFTER ATTENDING HIS FIRST SESSION OF PARLIAMENT

J. C. Brady, M.P., returned to the city yesterday afternoon after attending the pening of Parliament at Ottawa. Mr. Brady found much of interest in the Minor (Chopin); Etude in G Flat bly more elaborate this year than any year since the war.

There are still many people in the East, Mr. Brady says, who are misinormed as to the city of Prince Rupert and the coast generally. During the gold spell when the thermometer regisered 18 below in Ottawa, it was not an uncommon thing for many to hazard the opinion that the city of Prince Rupert would be suffering from a greater cold and that the harbor would be filled

The principal business before the House was the passing of estimates for the carrying on of the public services of the country, these estimates being practically all before the last Parliament but failed to be passed because of the abrupt dissolution. Further estimates were passed covering additional expenses of the country since that date. Mr. Brady will remain in the city until the early part of February when he will leave to attend the resumption of parliament on February 8.

### CASE INVOLVES SIGNAL LIGHTS

AGAINST LIQUOR BOAT

KUYAKUZNT VANCOUVER, Dec. 29 .- A charge that may necessitate the calling of United

States coast guardsmen from California as witnesses has been laid against the Central American Shipping Co. Ltd., and Capt. A. D. Vosper of the steamer Kuyakuznt, formerly the Canadian goveriment boat Stadacona. The case, which was ordered by Police Magistrate Henry Shaw to be remanded for one week when it was called yesterday, alleges that the Kuyakuznt, while lying off the coast of California in June. September and October, 1925, failed to display proper signal lights. The charge was laid by the commander and crew of the United States coastguard vessel
