EARTHQUAKE EVERY HOUR

NO MORE TREMORS NOW THAN FORMERLY BUT PEOPLE ARE NOTICING THEM MORE

WASHINGTON, Dec. 20.—The earth is not shaking any more than it used to, but people are noticing it more.

This is the answer of Director Tondorf, of the Georgetown University, to the flood of inquiries reaching him as to whether earthquakes are increasing in number and frequency.

Because of the precision of instruments which record tremors, the public is informed constantly through their newspapers of disturbances of the earth's crust in all parts of the globe The lay belief that the shocks are becoming close together is a result of this publicity.

"The layman, unofficially interested in the restlessness of the earth's crust, should know the truth," says Dr. Tondorf. "The problem of computing earthquake frequency was first scientifically undertaken by Count de Montessus de Ballore, one-time director of the Seismological Observatory of the Government of Chili. In 1900, after a close analysis of the then available earthquake records, 131,292 in number, he placed the annual average earthquake occurrence at 3,830, equavalent to an earth shock every two hours and twenty-seven minutes.

VIOLENT EVERY THREE DAYS

Four years afterward, Dr. August Sieberg, of the University of Jena, questioned the estimate as too low. A recalculation made by him in 1923 lifted the annual average frequency to 9,000, or about one every hour. Five thousand of these quakes he indicated as being felt sensibly on some part of the earth's surface in varying intensities. Violent quakes, classified by others as world-shaking, occur at intervals of every three and one-half days, either on the continents or on the ocean's bottom. Those on land, however, average every fifth day.

"California, the least immune of all United States territory, is visited by a shock on an average of 81 times annually. The liability of one of these shocks being heavy is about eight-tenths of one per cent."

SPECIAL MUSIC UNITED CHURCH

LARGE CROWD WAS PRESENT LAST NIGHT — PROGRAM WAS SPLENDID

The First United Church was well filled last evening in spite of the inclement weather and listened with appreciation to a special musical program which was rendered by an augmented choir. The various members were well received and the excellent program reflected credit on those who were responsible for the arrangement as well as the different artists who took part.

The program was as follows:

Organ prelude.
Chorus by augmented choir.
Chorus with tenor solo by J. E. Davey. "The Lord shall give you a Sign."
Tenor solo—H. Howard.
Soprano solo—Miss C. Jones.
Chorus—"Blessed Dayspring." Choir
Women's chorus.—"Unto us a child is Born."
"Sing O Heavens."—Augmented choir.
Organ prelude.
Women's chorus—Soprano solo Mrs. McGregor.
"Shout the Glad Tidings."—Choir.
Men's quartette—Messrs. J. E. Davey, J. S. Wilson, H. Howard and A. Clapperton.
Mixed quartette—Mrs. Waugh, Mrs. Allen, Mr. Davey and Mr. Clapperton; solo, Mrs. Allen.
Tenor solo—"Bethlehem." — J. E. Davey.
Chorus—"All Praise to Thee," augmened choir.

The choir leader was J. S. Wilson and the organist Miss M. A. Way. Rev. G. G. Hacker presided.

FARMERS' INSTITUTE, AT ANNUAL MEETING, ASKS FOR ITS CONSTRUCTION

FRANK IS PRESIDENT

TERRACE, Dec. 20—The annual meeting of the local Farmers' Institute was held in the G.W.V.A. hall on Thursday evening. The officers elected for the ensuing year were:

President—H. L. Frank.
Secretary-Treasurer.—J. B. Agar.

It was decided to wipe the debt contracted during the time the Institute handled the shipments of fruit, from the books, all hope of their payment having been given up.

A resolution was passed asking the railway to grant equal freight rates on farm produce to Anyox with the rates paid from southern B.C.

A resolution was also passed asking the provincial government to complete the provincial highway through to Prince Rupert as quickly as possible.

H. L. Frank was appointed delegate to attend the Institute Convention to be held in Victoria.

SOME CAUSES OF STUTTERING

IGNORANT PARENTS SOME TIMES UNWITTINGLY BRING ABOUT THIS DEFECT IN SPEECH

TORONTO, Dec. 20. — (By Canadian Press.)—"M-m-m-m-mother tickled my f-f-f-feet to see me laugh. That's why I st-t-t-tutter."

This pathetic little speech might be made by countless children throughout the country whose fond parents in ignorance have sought fun at baby's expense. Now baby rises up to reproach them in stammering accents.

This theory is born out by Dr. W. E. Blatz of the St. George School for Child Study, Toronto University, and by Miss Imogene Talen, director of speech improvement classes of the Toronto public schools.

Frightening with practical jokes and ghost stories at night may have a similar effect. In fact, any exaggerated excitment extended over a period of time will bring on stammering.

It the child is left handed, do not change him, lest he become a stammerer. The speech centre is located on the opposite side of the brain from the preferential hand. If the left hand is preferred, the speech centre will be on the right side of the brain and any interference with this mechanism may cause stammering. For this reason the schools of the day do not correct the child who wants to use his left hand. Intelligent parents are learning fast and the old dinner table cry, "Johnny, use your right hand," is going out of fashion. "One great evil resulting from poor speech," says Miss Talen, "is poor spelling. It has been found that if the child used slovenly speech, he will spell incorrectly. Yesterday he spells 'yestaday'; writes 'family' for family; 'suprise' for surprise; 'fifs' for fifths; and 'Apful' for April."

At the Imperial Conference it was stated that "Canada's military situation is entirely satisfactory." This, too, without any reference to the influence of war pictures.

The tax on salaries in France was paid last year by 823,590 persons About 75 per cent paid on incomes that were less than the equivalent of $500.
