# PRODUCTION OF COAL FALLING

**LACK OF DEMAND CAUSE**

**Nicola-Princeton Only District in Which Gain Has Been Made in Output**

VICTORIA, June 3. — Coal production for British Columbia in the first four months of the present year showed a substantial decrease from that for the same period in 1925 according to figures issued under authority of Hon. William Sloan, provincial secretary and minister of mines. The decline in output this year indicates the slackening up in the coal trade caused by lack of seasonable demand, the competition from fuel oil and other factors. Total production in the four months aggregated 699,362 long tons compared with 795,740 tons in the corresponding four months of last year, a decrease of 96,378 tons.

Vancouver Island collieries produced 380,618 long tons against 459,490 tons in 1925, a falling off of 78,872 tons; the output in the Crow's Nest Pass district was 259,257 tons compared with 283,719 tons in 1925, a decrease of 24,462 tons. The collieries of the Nicola-Princeton district scored a gain over 1925 with 58,737 tons compared with 52,531 in the four months period in 1925.

**Eczema Was So Bad Could Hardly Sleep**

Mrs. G. Jones, Kitscoty, Alta., writes:—"I had eczema on my left hand, and my first finger was so swollen, sore and itchy I could hardly sleep at night.

I got a prescription from my doctor, but it did me no good, so I finally began to take

Burdock Blood Bitters

After I had taken three bottles I was completely relieved of my eczema, and would advise any one suffering from any disease of the blood to use B.B.B., as it's worth its price many times over."

This valuable preparation has been on the market for the past 47 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

# SCHOOL TEACHER WINS A LAWSUIT

EDMONTON, June 3.—A decision of great importance to the teaching profession was handed down Wednesday at Calgary by Mr. Justice Ives in the action of Iva W. Hunt, against the Brant school district. The effect of the judgment is that before a school board can legally dismiss a teacher the procedure laid down in clause 6 of the form of contract approved by the minister of education must be complied with.

This clause in the agreement provides that either party may terminate the contract by giving 30 days' notice in writing to the other party, provided that no such notice should be given by the board until the teacher shall have been given the privilege of attending a meeting of the board (of which two clear days' notice in writing be given to the teacher) to hear the board's reasons for proposing to terminate the agreement.

# LOCAL HOLDINGS AND NOT TIMBER LIMITS INVOLVED IN TRANSFER

In acquiring the sawmill site and other holdings here of the Prince Rupert Spruce Mills, the Big Bay Lumber Co. did not purchase the timber limits of that concern including the stand at Khutzamateen Inlet, it was stated this morning by George McAfee, manager of the Big Bay Lumber Co., who is a visitor in the city from Georgetown on business.

Mr. McAfee reported that work of clearing up the debris at Seal Cove was still proceeding and arrangements were about to be made to sell a quantity of the old material, damaged by fire, to junkmen. It will be next year before the Big Bay Lumber Co. commences actual building operations on the site.

# LABOR INSURANCE IN SWEDEN FAILED

**Venture Too Expensive for Parliament of that Country to Continue**

STOCKHOLM, June 3.—Sweden's state organization for labor insurance has failed. Parliament has decided that the venture is too expensive, and the business will be liquidated.

When compulsory insurance of employees was introduced here twenty-two years ago, a special department acting as a government insurance company was formed. Much pressure was exercised upon employers in favor of the national insurance body. Private companies persisted in competition and were able to undersell premiums to such an extent that the bulk of the business went to the private companies.

# FLESH OF FEMALE IS TOO BITTER FOR USE OF CANNIBALS

LONDON, June 3.—Cannibals of Liberia do not like to eat women. Female flesh is too bitter for them, says Lady Dorothy Mills, who recently travelled widely in the interior of Liberia.

Lady Mills asserted the human thigh is the best delicacy, and is always reserved for the chieftain. The body of a youth fourteen or fifteen years old is regarded as ideal food.

"An ordinary, healthy, normal wife costs about $60 on the Liberian marriage market," Lady Mills says.

# The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

*Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful and interesting.*

*Every manager of a household---every member of the household who shares the responsibility for the family's welfare---should make a habit of reading the ads.*

**Read the advertisements in order to buy wisely**
