ROYAL BANK CLERK IS SHOT BY BANDIT

AD KILLED IN WINNIPEG BRANCH AND MURDERER CAPTURED AFTER FIGHT

Vancouver Bank Boy is Killed by Bandit Who Robbed the Royal Bank

got away with two thousand dollars in bills after taximan refused to drive him

WINNIPEG, May 28.—Maurice Garvie, a nineteen year old section boy employed at Sherbrooke and Logan Avenue branch of the Royal Bank, was shot dead by a bandit this morning who escaped with \$2,000 in currency. Garvie was killed by bullet aimed at M. P. Johnson, teller, who refused to put his hands at the command of the bandit.

Driving to the bank in a taxicab the bandit walked into the car and immediately drew a revolver shouting "Put 'em up."

He was in the back of the small structure and when Teller Johnston in the cage refused to comply, the gunman fired, Garvie falling dead.

"That's what you'll all get if you don't shove 'em up," he told Johnson.

Gaining entrance to the cage the bandit scooped up two thousand dollars worth of bills and made his exit.

During this brief time the taxi was awaiting his return but when the bandit emerged gun in hand the driver refused to start despite threats from the bandit who, cursing, jumped from the car, ran through the back of the lane and disappeared. The police were quickly on the scene but were unable to trace the culprit.

Bandit Is Taken

WINNIPEG, May 28.—The bandit who held up the Royal Bank branch this morning was captured in a boarding house near the scene of the robbery after a gun fight during which two detectives were wounded.

Barricading himself in the house, the bandit opened fire on the police as they attempted to rush the door. Chief of Detectives George Smith and Detective Bert Segal were wounded, the latter seriously, it is believed. The bandit, whose name had not been ascertained, was shot twice in the chest and shoulder and is in a serious condition.

ELECTION FOR ALBERTA JUNE

Campaign Already off to Real Start in Provincial Contest on Prairies

OLD PARTIES ACTIVE.

Opening up of Peace River to Play Active Part in Present Campaign

EDMONTON, May 28.—A general election for the province of Alberta will be held on June 28 with nominations on June 18 it is officially announced. Writs have been issued and the campaign is now off to a real start.

Premier Brownlee opens the campaign at Cardston Wednesday next and is scheduled to speak at about a hundred meetings in the next few weeks.

The present government, representing the farmers of Alberta, came into power in July 1917. At that time Hon. H. Greenfield was chosen Premier and he held office until last fall when Hon. J. E. Brownlee, attorney general and provincial secretary, was chosen to lead the Government following serious dissensions which resulted in Mr. Greenfield's retirement.

Candidates have already been chosen for most of the constituencies of the province, it having been understood that an election would be called soon.

One feature of the present situation is the rejuvenation of the old parties throughout the province. Both Liberals and Conservatives have been particularly active and no one can predict with any degree of certainty what will be the outcome of the present contest.

One of the big issues in the election will be the opening up of the Peace River country and the disposition of the Government railways.

Joseph Sankey Arrested Charged with Murder of Miss Loretta Chisholm

Joseph Sankey, aged 22, Port Simpson Indian, who was arrested by the provincial police last Monday on suspicion in connection with the killing of Miss Loretta Chisholm at Port Essington on May 23, appeared before Shippard Magistrate H. F. McLeod this morning and was formally charged with the murder. No evidence was taken and the case was adjourned until June 2.

Sankey was arrested Monday within an hour and a half of the time the provincial police were notified of the murder. Since that he has been detained on suspicion and was present in custody during the inquest last night at the Court House although he was not required to give evidence.

The prisoner is a comparatively small man with a rather shifty appearance, darker than the average Indian but not in any way outstanding. While the police are not making any statement in regard to the case it is understood they have considerable evidence against the man, mostly of a circumstantial nature and they are still working on it.

Woman Declares She Drank 408 Bottles of Beer and 12 of Hard Liquor Less Than Three Weeks

GRESTON, May 28.—Holding by her sworn testimony what is believed to be an unchallenged record of consumption of liquor in the Kootenay district, Mrs. Nellie Langlois was found guilty by Magistrate Mallandane in the police court at Kitchener, ten miles west of here, on a charge of keeping liquor for sale.

The records of the Government Liquor vendor showed that during the first twenty days of this month Mrs. Langlois purchased 408 bottles of beer and 22 bottles of whiskey and when her residence was raided only 110 bottles of beer and ten bottles of hard liquor was found. Arraigned in court Mrs. Langlois swore that in less than three weeks she personally consumed 268 bottles of beer and twelve bottles of hard liquor.

Refusing to credit the woman's self-admitted capacity for liquor consumption, the magistrate imposed a fine of \$100 and costs.

Coroner's Jury Hears Evidence and Declares Foul Play is Apparent

Story of search for the body of Miss Loretta Chisholm told last night and prisoner present to hear witnesses

After hearing the evidence submitted to it yesterday afternoon and last evening, the coroner's jury inquiring into the death of Loretta Chisholm, the Port Essington school teacher, whose dead body was discovered Monday, declared that in its opinion the deceased came to her death as a result of foul play on the part of some person or persons unknown. H. B. Rochester was spokesman for the jury.

The inquest opened early yesterday afternoon when the evidence of Dr. L. W. Kergin was heard in regard to the condition of the body when he made a post mortem examination. This clearly showed signs of violence but that death came finally as a result of choking from moss stuffed into the mouth and throat. After hearing the evidence the court adjourned.

Receiving word later that witnesses were on their way from Port Essington, Deputy Coroner Tannock again called the jury for eight o'clock last evening and soon after ten the verdict had been reached. The jurors were H. B. Rochester foreman, R. Moore, G. H. Arnett, L. M. Fuller, R. McNaughton and S. E. Parker.

Provincial police inspector Spiller stated that it was proposed to submit only sufficient evidence to allow the jury to determine the cause and place of death.

First Witness

Donald McKay, the first witness, at present residing at Port Essington, stated that he had assisted in the search for the missing school teacher. He told of the efforts they had made on the Sunday afternoon and evening but without success. Very early on Monday morning the search was continued and eventually they had found the body lying on the muskeg face downward and with the lower part of the body only partially clothed. Part of the clothes below the waist had evidently been torn off. One gum boot was off but both gloves were on. It was about six o'clock in the morning when they found the body. They had found bloodstains on the trail and this had given them the clue as to where to look for the body.

Also they could see where the body had apparently been dragged through the brush. The victorious firm proceeded from Teller to Dawson and Skagway. The competitor took the films from Fairbank to Seward to connect with the Seattle boat. An airplane which left here in the morning picked up the films on the winning boat at Alert Bay and sped to Seattle. The loser of the race arrives today.
