MINISTER OF MINES ISSUES STATE-MENT OF OUTPUT DURING 1926 TO END OF SEPTEMBER

VICTORIA, Oct. 28.—Coal production in British Columbia for the nine months of the present year totalled 1,658,678 long tons compared with an output in the corresponding nine months in 1925 of 1,777,965 long tons, a decrease for the present year of 119,287 tons, according to figures compiled by the Department of Mines and issued today by Hon. William Sloan, Minister of Mines and Provincial Secretary. In all the chief coal mining districts, with the exception of the Nicola-Princeton section where a slight increase over 1925 was reported decreases have been registered in volume of output this year as compared with last year.

Vancouver Island collieries produced an aggregate of 900,055 tons in the nine months ended September 30 last as against 1,006,368 tons in the corresponding period of 1925, a decrease of 106,313 tons. The East Kootenay district containing the collieries at Coal Creek and Michel, of the Crow's Nest Pass Coal Company, and the Corbin Coal Company's collieries at Corbin, produced 635,026 tons as against 653,752 tons in 1925. The output of the Nicola-Princeton collieries was 122,847 tons compared with 116,898 tons in the nine months period in 1925.

WINTER DEMAND.

The advent of the winter season has I all no resulted in speeding up work in some of the Island collieries which have been working longer time within the past month or two to prepare for the seasonal demand. A feature of recent developments in the coal trade, too, has been the receipt by the Canadian Collieries (Dunsmuir) Limited, of orders from the Argentine for coal which hitherto have gone to the Old Country. but because of strike conditions there have been diverted to this coast. The the proposed new British Columbia detailed figures of production for the Turnoved Tax on gross business innine months this year as compared with come were announced at the Taxation those for the same period in 1925 are as follows:

INTERFERENCE WITH POLICE AT VICTORIA SAYS NEW CANDIDATE

VICTORIA, Oct. 28.-Following close upon the withdrawal of James Adam as a condidate for the city Police Commission, Andrew McGavin, of 509 Cornwall Street, has stepped into the breach, assuring a three-cornered fight with cordingly they would be assessed the OBJECTION TAKEN TO Hall the other candiates.

In announcing his candidature Mr.

McGavin said that he stood for directing of the policy of the police by the commission. "There is too much with discretion of the police force. The policy is changed too often. No sooner have the police settled themselves to working under one policy than a new one crops up. Best results can only be gained by allow- minimum. ing the police to use their own discretion. This is what has made the English police forces so reliable. They are allowed to use their own discretion in handling cases. We laymen have no right to tell a policeman how to run his own business. We can only handle situations as they arise. Our police force is tied hand and foot by policies laid down by the police commissioners. who know little of the actual operations of the police department and the various circumstances that have to be overcome not only by the force itself, but by individual policemen sent out to handle cases. How can we expect the police to act in the best interest of the public in handling cases when their efforts are limited by policy."

OLD LADY TRAVELS AROUND THE WORLD

TORONTO, Oct. 28. - (By Canadian Press) .-- An interesting visitor to the city the other day was 70-year-old Mrs. Dobson, of Edinburgh, Scotland, who is making a tour of the world unaccompanied. She says she likes to travel in the daytime in order that she may see the country through which she is

travelling.

BRINGING UP FATHER

VICTORIA, Oct. 28 .- Adjustments i Department. They are designed to relate the proposed levy directly actual profit and to remove the ob jection that this would take no account of whether a business is making any net income from its operations of Comox Colliery 198,599 125 019 not. Under the adjustments proposed it was stated, this relationship would be created and the tax made much fairer.

PLAN IS EXPLAINED These changes in the tax, which are expected to make it more acceptable, were outlined in a statement issued officially as follows:

"As a result of the recent discussion, although the fact has been generally accepted that a minimum tax alternate to the eax on net income is necessary in this Province, and also that the principle of the busines urnover tax is superior to that of 44 personal property, nevertheless then 93 stall seems to be a feeling that, to be rally satisfactory and acceptable from .750 priciple ofndwqwtodayesns shrdlu the a standpoint of the generally recog Coal Creek Colliery 278,037 nized principles of equitable taxation. Michel Colliery 280,744 it should bear a suitable relation to Corbin Colliery 76,245 net profit.

> "Now in order to accomplish this desirable result, the department proposes to make what might be termed a compensating adjustment, over threeyear periods, against any tax on net income which is payable in those year ADJUSTMENT OUTLINED

"To illustrate how this works out: the profits in some liens of business income up to the minimum amount M. Heilbroner. payable under the gross tax and acmay earn a substantial profit, making the tax on net income considerably is excess of the minimum payable on the gross. What we propose doing in such a case is to allow as a credit against

OPPORTUNITY OF PROFIT

Taxation officials explained that be subject to the gross turnover tax a business must have been afforded an opportunity to make a profit. the new adjustment in effect, they said, the tax would be as closely related to actual profit as it could be. CATHOLIC LADIES Leading bond dealers of Victoria and Vancouver conferred with officials of the taxation department to find out the precise effect of the new turnover tax on their business and were satis fied that .. would be equitable. It was explained to the bond men that they would be taxed on gross profits not on brokers.

His choice to re- year. main as teacher of economics and gymnasium instructor in the public schools of Wickersdorf, Thuringia, at \$75.00 per month is the reason of numerous comments by sporting writers on boil continents.

Efforts are being made to have the finals for the Allan cup, emplematic of the Amateur Hockey Championship of Canada, played this year in the West It is argued that each year the West has been compelled to send teams East to compete and this has cost considerably in both time and money. This year, as there will be no professional hockey on the coast, more attention will probably be paid to amateur games. In the last few years considerable interest has been created in amateur hockey on the coast. Some of the amateur contests on the Lower mainland
