LOCAL RAILWAY FIRE BRIGADE NEARLY WINS

ONLY BAD LUCK PREVENTED IT IN LOWERING RECORD FOR EN-TIRE SYSTEM YESTERDAY

"The fire brigade in the local C.N.R. vard is one of the best on the entire system and it was only a matter of bad luck at which I was just as disappointed as the team itself that prevented it from lowering previous records on the system in the competition drill yesterday," statea A. H. O. Freemantle, Canadian National fire prevention inspector, following the holding of the drill here. The competition was for the regional cup put up oy the insurance department of the C. N. R. which is competed for annually. the winning team of which in each region goes to some neutral point to compete for the cup offered for the

Last year the London team, in winning the championship of the system. made the three movements of the drill in 72 3-5 seconds. On Saturday last the local team, in an instructional drill, made the phenomenal time of 67 3-5 seconds but in the competition yesterday it met with bad luck through getting the water too quickly in the third movement and the time went up to 93 1-5 seconds. "It was an accident that might happen any time but I was horribly disappointed as I had hoped the splendid Prince Rupert team might capture the cup," said Mr. Fred-

A boat known as Best pair moccasins -Francis Delise the Nancy Ann is said to have made several trips here recently and to have cleared for United States ports with . cargoes of liquor.

"This interest reached a high pitch yesterday, when it was noised around the city that the Nancy Ann, which cleared with a cargo of sle from King ston last Thursday morning, had been seized by the United States authorities.

Reported Seized "Many people- are asking about Cana-Best jar of jam-Mrs. P. Haldane dian National car No. 102797, which arrived in Kingston on Tuesday, Aug. 31. This car was loaded with beer for Mrs. export. On Wednesday night the Nancy Ann, a fast motor boat came into Kingston Harbor and on Thursday. Sept. 2, this boat cleared for Rochester, N.Y., with 125 bags of beer. The beer never reached Rochester. What became of it is not known. The boat was reported to be coming back Saturday for another load, but it did not arrive, having been seized at Sackett's Harbor, N.Y., for clearing from King-

ston without registering. WHAT BECAME OF BEER?

"What became of the beer is question of interest. Was it transferred to another boat while crossing the lake or was it landed at some private cache, eventually to be brought

Every one knows that this smuggling of liquor into the United States has been going on for some years, and it is generally suspected that much of the liquor that clears for United States ports never gets there, as : the case of the latest cargo of the Nancy Ann but by some devious route finds it way back into Canada."

Copper Mine Was Named After Man Who Discovered Bottomless

WINNIPEG, Sep. 21 .- How the Flin Flon, northern Manitoba's copper mine, gotrits name was related at the annual meeting of the Mining Corporation held here recently.

A party was paddling down the lake on which the Flin Flon discovery was made. A book was found on the shore containing the story of a Chinese named Flin Flon, who discovered a bottomless lake. Flin Flon invented a boat in which he made a trip! to the bottom of the lake, the story says. His journey took him into a new world, where women were bosses instead of men. This did not suit Flir Flon and he made a hasty return to the surface of the earth. with the women chasing him; with sticks.

A few days later when Hammell's party discovered the historie break which has now beome Flih Flon mine-one of them said: "This looks like the place where Flin Flon came

So they called it "Flin Flon" and Ilin Hon it was incorpor
