BASKETBALL TEAM HERE

Series Starting Tonight Will be for Northern B.C. Ladies Championship—Not for Milburn Cup

The Anyox Mine Girls, champions of the Anyor Ladies' Basketball League, arrived in the city from the north this morning to play a series of two games with the Maples Leafs of Prince Rupert—the first this evening and the second tomorrow night.

The visiting team, which is a smart aggregation which lost only one game during the past winter at the smelter town, consists of Victoria Deane, captain and centre; Julia Calderone and Annie Scott, forwards; Helen Calderone, Phyllis McMillan and Rose O'Neill, guards. Mrs. Chapman is acting as chaperon for the trip and Fred Brown is in charge of the aggregation. Sid Elmer of Vancouver, representative of El Doro cigars, is stopping over in town while the team is here to assist in its management.

The players of the Maple Leafs, who have been practising assiduously throughout the winter under the management of Ralph Smith, are Margaret Graham, captain, Myra Harvey, Aileen Stephens, Lillian Lowe, Catherine Harvey, Helen Grant and May Thompson.

Both teams are confident of their abilities and it is expected that the games will be keenly contested. The Maple Leafs will return the visit by going to the smelter town on Sunday night for two games next week. The series will be for the ladies' basketball championship of Northern B.C. but E. A. Mann, who has the trophy in his possession stated this afternoon that it would not be for the Milburn Cup. No permission has yet been given by the donor to use the trophy for such a purpose.

As a preliminary to the main game tonight, the Intermediate Grotto and Colts will meet.

MYSTERY OF EGG WAS DISCUSSED BY SPEAKER

(London Times)

"Eggs" was the simple title of a lecture at the Royal Institution. But the lecturer, Professor Barcroft, F.R.S., showed what a big puzzle it signified. The mystery of how eggs came into being, he said, was one of the most profound, if not the most profound, with which the biologist was concerned. It looked so simple. By the time a chick was hatched its ovary already contained all the eggs which it would ever lay. These existed in a minute and rudimentary form. The greater part of the yolk was manufactured in the days immediately preceding the date on which the egg was laid. The remaining stages in the formation of the egg took place very rapidly.

WOMEN SHOULD NOT APE SAYS LADY BALFOUR

BROMLEY, Eng., March 19. — "Women have been called many things, but they are not apes and they are not obliged to imitate," Lady Frances Balfour declared in an address to the Bromley High School, when she was invited to present prizes.

"All decent people have been shocked by the idea of women prizefighters. The thought is loathesome and disgusting. Why should women debase themselves just because men do?"

WOMEN ARE ALLOWED TO AGAIN ENTER PUBS

MIDDLESBOROUGH, England, March 19.—Women are again to be permitted to drink in Middlesborough pubs, after having been barred for ten years. The licensed victuallers asked the licensing magistrates to remove the regulation forbidding the sale of alcoholics to women.

NEW OFFICERS TENNIS CLUB

W. Cruikshank Re-elected President—Plans Being Laid For Active Season

The annual meeting of the Prince Rupert Tennis Club was held last night in the city council chamber. A successful season during 1925 was reviewed and preliminary plans were laid for the coming year that promises to be better. The club is in good financial standing. A new feature proposed in connection with the 1926 activities is the holding, in addition to the regular club tournaments, of a city championship series in conjunction with other tennis clubs in the city.

Officers for the year were elected as follows:

President—W. Cruikshank.

Vice-president—E. W. Marentette.

Secretary-treasurer — F. H. Smith.

Executive—The officers and Miss Pete Tremayne and Miss Virginia Riel.

The tournament committee chosen consists of A. H. Carmichael, E. W. Marentette, W. Cruikshank and Miss Pete Tremayne.

The annual ball has been set for April 16 in the Elks' Home with the following committee in charge: A. H. Carmichael (chairman), E. W. Marentette, Douglas Stork, Howard Frizzell, R. Howard, A. E. Walters, F. H. Smith, W. Cruikshank, Miss Grace Curtin, Miss Caroline Mitchell, Mrs. E. S. Tait, Miss Etanda Marsh, Miss Pete Tremayne and Miss Virginia Riel.

RADIO IS BOON TO MANY LIGHTHOUSES

Monotony Broken by Use of Receiving Sets at United States Eastern Points

BOSTON, March 19.—Adoption of the radio by keepers of lighthouses and lightships has a given brilliant touch to a new chapter in the romance of the Atlantic ocean.

Since the days when the first wooden fires were kindled in the tower of Pharos light to warn and guide mariners entering the ancient harbor of Alexandria, the life of the lighthouse keeper has been one of dreary monotony and isolation.

For ages the keepers have tended their wooden fires, huge wax candles, oil, gas, or electric lanterns, never allowing them to burn low or cease their flashing.

Pilots seeing the beacon altered their courses to steer clear of rocky ledge or treacherous hidden shoal. The keeper of the light watched their approach and followed their departure until the ship dropped below the horizon or its lights were extinguished in the dark of night, leaving only intensified solitude in its wake.

Even today visitors are almost unknown at many lights that dot New England's broken coast. Only an occasional visit by a tender ship that brings supplies breaks the monotony that makes all days seem as one. In bad weather the periods of isolation are liable to extend over months. Newspapers and magazines are weeks old and their news, as such, has long since ceased to be.

It is not difficult, then, to believe with Capt. George E. Eaton, superintendent of the Second Lighthouse District, that radio has proven the greatest single boon to lighthouse keepers in generations.

SERVANT SITUATION IN JAPAN IS ACUTE

Women Prepar to Work in the Fields to Toiling at Night in Homes

TOKYO, March 18. — Servant girls, generally supposed to be numerous and cheaply obtainable in Japan, are not. The Municipal Employment Bureau has announced that the supply in the capital is less than a tenth of the demand. Officials blame the shortage principally on employers and say that the domestic of today has learned she has certain rights and prerogatives. Instead of housework she has come to prefer laboring in the fields on a daylight schedule.

"THE MAN ON THE BOX"

A joy-ride through Laughland that will get every laugh you've got. Fast, furious, fascinating farce. A comedy of masquerades. The merry adventures of a gentleman idler, homeless, jobless, alone in a big city in a pair of pyjamas. A comedy of unexpected rib-ticklers, a hornet's nest of intrigue and funny happenings. Syd Chaplin in skirts again a la "Charley's Aunt." A smile a second, a laugh a minute, two hours of glorious hilarity. See Syd as a maid of flirtatious tendencies and have the time of your life. Strong cast.

Syd Chaplin, Alice Calhoun, David Butler, E. J. Ratcliffe, Charles F. Reisner, Helene Costelle and others.
