## Phone Exchange Site Proposed by City Group

### Chamber of Commerce Endorses Petition to Change Bylaw

Over the objection of several members, Prince Chamber of Commerce has endorsed a petitioning City Council and the B.C. Government for the telephone bylaw which was unanimously passed last Sept. 11.

The plan, drawn up by Alderman Ray and presented to the first time at last regular monthly meeting, asks that the providing for purchase of government liquor be wiped out and that the government liquor be purchased for that purpose to purchase other property.

The plan, as endorsed by the Chamber, provides for the purchase of the old liquor by the Provincial Government for \$2,500 and makes \$10,000 to rehabilitate the area for the new telephone exchange.

The decision of the Chamber that the by-law be endorsed by the City Council to 75—and any other now would only be a matter of time.

The Chamber is asking the senior City Council member to support his petition.

## Mossadegh May Hold Out For Payment

TEHRAN (CP)—A highly-placed government source predicted today that Premier Mohammed Mossadegh will not reject the new British and American notes on the British-Iranian oil dispute, but said he will insist on payment of \$49,000,000 in the disputed oil royalties as a preliminary condition to a settlement.

Mossadegh talked over the oil question for three hours today with Shah Mohammed Reza Pahlavi and the ruler urged the premier against any "drastic" action at this time.

This apparently referred to Mossadegh's threat to break diplomatic relations with Britain.

## CCF Speaker Charges Socreds With Fascism

PRINCE GEORGE, B.C. (CP)—CCF plans for provincial and federal elections were mapped here during a week-end regional conference.

One hundred delegates attended the two-day meeting closed to the press. No information on decisions reached were given out.

In a prepared statement issued today a summary of various speeches was given.

In the opening address Saturday, Frank Snowsall, M.L.A. for Saanich and party organizer for province said:

"People of British Columbia are waking up to the fact that they have elected a reactionary government with Fascist tendencies. They are recognizing that the CCF offers the only alternative to capitalist exploitation."

Snowsall charged that the Social Credit government under Premier W. A. C. Bennett has curtailed essential expenditure upon public works expansion and maintenance.

Other speakers included Frank Calder, M.L.A. Atlin; George Hills, M.L.A. Prince Rupert; Raold Dahlen of Peace River northern organizer; and William Irvine, former Member of Parliament for Cariboo.

Greater volume of traffic is expected to result from the sale of the CNR of Second Narrows Bridge with a forecast of big industrial development along the north shore of Burrard Inlet.

The new division will be known as Vancouver Terminal Division and a specially-selected superintendent will be placed in charge.

Formation of the new division was announced in Montreal by President Donald Gordon.

**PRISONERS RIOT** — Preparing to attack rioters at Oakalla Prison near Vancouver are prison guards and R.C.M.P. officers. One guard is carrying a tear gas pellet holder while the rest are getting a fire hose ready. The biggest jail riot in British Columbia's history came to a soggy finish when rioters were subdued by water and tear gas. The riot, which caused damage estimated at thousands of dollars, started when prisoners protested alleged overcrowding. (CP PHOTO)

## Airlines Halts City-Terrace Service For Winter Months

Canadian Pacific Airlines service between Prince Rupert and Terrace will be suspended for the winter months, effective Oct. 13.

This move is made necessary by the lack of navigational aids for instrument flying during the bad weather which is encountered on the route at this time of the year, said company officials. Only four of the scheduled thrice weekly flights were completed during the month of September, due to adverse weather conditions.

It is understood that the Department of Transport have assigned Terrace a top priority for the installation of the equipment necessary for consistent operation of air service in the area.

"When such an installation is completed, CPA will resume service between these points, and also give consideration to an improved schedule," said officials.

## Carson Named House Leader Of Pro-Cons

VICTORIA (CP) — Ernest C. Carson, Lillooet rancher and former provincial public works minister, has been named leader of the four-man Progressive Conservative block in the Provincial Legislature, it was announced here today.

Mr. Carson's appointment as house leader for the Progressive Conservatives may foreshadow his election next week as provincial party leader.

The party's present leader, Herbert Anscomb, will step aside when the Tories hold their general meeting Oct. 18.

The trophy will be presented at the annual awards banquet here on October 28.

## CNIB Fund Appeal Lagging But Tag Day Receipts High

Contributions by Prince Rupert citizens to the annual appeal of the Canadian National Institute for the Blind to date total \$347.

This, added to a total of \$581.35 received in the tag day last Saturday brings to \$1,328 the amount collected in the drive to reach the quota of \$2,000 set for this city.

Officials of the Prince Rupert CNIB branch today urged citizens to mail donations in appeal letters sent to them in the latter part of September.

They said that while the tag day receipts were above last year's contributions by the public are lagging.

## Largest Attack Launched Against Allies by Reds 12,000 Communists Hit at West Lines in Hand-to-Hand Fighting

SEOUL (CP) — More than 12,000 Communist troops attacked allied positions across two-thirds of the Korean battle front last night and early today in biggest co-ordinated operation in months.

In greatest of all attacks, 4,000 Chinese Reds assaulted two hills northwest of Chorwon on the western front after opening the floodgates of the reservoir to the north.

Water in the river coursing around two hills mounted only two feet, but the Chinese stormed up slopes and fought it out at hand-to-hand range with fire, stones and grenades.

Intense fighting carried on into the daylight hours for three or four minor hills in the extreme west.

At the same time, the Reds pinched at the U.S. marine line at 13 points on the extreme western front and two major assaults hit strongpoints on the allied line east of Old Baldy. Nearly 2,000 Red troops were thrown into each action.

Later reports said that a big push by 15,000 Chinese Communists, which overran seven allied hill positions in the first onset, early today reached defences of one or two heights guarding the road to Seoul.

Confused reports from the front some 50 miles from Seoul said allied counter-attacks were trying to seal off the breach.

It is described as the biggest co-ordinated Communist attack in Korea in at least a year.

**KILLED IN ACTION** — Lt. Cmdr. John L. Quinn, 29-year-old veteran of North Atlantic naval action during the Second World War, has been reported killed in action in Korea. Former staff officer at Prince Rupert, B.C., he was killed when the Canadian destroyer Iroquois was hit by a Communist shore battery while on patrol duty off the Korean coast. His widow and four-year-old son live in Halifax. (CP from National Defence)

## Water Taxi Explodes, None Injured

VANCOUVER (CP) — A 22-foot water taxi exploded "into a million pieces" at Horseshoe Bay, a summer resort 12 miles west of here, late yesterday.

But its pilot, Stan Hurrell and two passengers, J. S. Pawson and his brother Phillip escaped injury.

As the deck sank under them they grabbed lifebelts and though stunned, managed to swim 300 yards through the chilly waters of Howe Sound to shore.

"That boat blew into million pieces," said Hurrell, "when we looked around later all we could find was my driver's seat."

What caused the explosion is not known.

## 3 Killed in Plane Crash

PHILADELPHIA (CP) — Three men were killed and three others injured early today when a United States Air Force C-47 plane crashed in a swamp near a northeast Philadelphia airport.

The plane was en route from Niagara Falls, N.Y., to Mitchell Field, Long Island, N.Y.

A spokesman said the plane was unable to get down at Mitchell Field because of weather conditions.

## Gen. Pearkes Declines PC Nomination

DUNCAN, B.C. (CP)—Maj.-Gen. G. R. Pearkes, VC, will not be a candidate for leadership of the British Columbia Progressive Conservative party.

Gen. Pearkes, Member of Parliament for Nanaimo told a constituency meeting Saturday:

"I have been too long in federal affairs to give serious thought to the B.C. Proposal."

## Great Batting, Pitching Thwarts Dodger Threats

BROOKLYN.—The New York Yankees won their fourth straight World Series this afternoon by defeating the Brooklyn Dodgers 4-2 in a thrill-packed seventh game.

## B.C. Fishing Strike May End Soon

VICTORIA (CP)—The salmon fishermen's tie-up may be ended shortly, through direct intervention of Labor Minister Lyle Wicks, it was reported last night.

## Army Retires Military Head Permanently

OTTAWA (CP)—The defence department said today that Brig. Alan B. Connelly, former head of Canada's military mission in Tokyo, has gone on retirement leave in line with the army policy retiring senior officers "when there is no further suitable employment for them in the service."

## Liberals Win In Quebec By-Election

MONTREAL (CP)—Liberal candidates won federal by-elections in the two Montreal District ridings of Outremont-St. Jean and Richelieu-Vercheres yesterday.

Both seats were traditionally Liberal and candidates won easily. With a steady rain falling the voting was light.

In Outremont-St. Jean, Romuald Bourque built up a two-to-one vote lead over his nearest opponent, Claude Noolin, Progressive Conservative and left three other candidates far in the rear.

Mr. Bourque is mayor of the Montreal suburban municipality of Outremont.

In Richelieu-Vercheres, Lucien Cardin stepped into an impressive four-to-one lead over Almeric Tremblay, Progressive Conservative and his only opponent.

Here is the new standing in the House of Commons:

Liberals 184, Progressive Conservatives 49, CCF 13, Social Credit 10, Independent-Liberal 20, Independent four. Total 262.

## Work Stoppage on Highway Prompts Action

Halting of work on the last portion of a \$200,000 construction job on Highway 16 brought prompt action from two Prince Rupert organizations.

The Chamber of Commerce, at a meeting last night, decided to send a telegram to Public Works Minister Philip Gagliardi asking reasons for the stoppage.

The move followed by only a few hours a telephone call by Art Murray, unsuccessful Social Credit candidate in the June 12 election, to Peer V. Paynter, the party's provincial organizer in Vancouver, asking him to inquire into the situation.

Mr. Paynter said he would go to Victoria immediately to discuss the matter with Mr. Gagliardi.

The Chamber also endorsed a move to have its highway committee probe the situation and bring in a report as soon as possible.

President Norton Youngs, in bringing up the matter to the attention of members, said:

"We were told that \$200,000 was allocated for our northern roads this year. Now we are told \$50,000 is not available for this job."

He said he did not know whether the \$50,000 was being diverted to another section of the highway but asked for members' views.

Jack McRae reminded members that when the Prince Rupert-Galloway Rapids Bridge portion of the highway was being constructed the contract called for an expenditure of \$234,000 "but instead of stopping when they found there wasn't enough money, work continued and the highway cost \$700,000—almost three times as much as the original contract called for."

Mr. McRae, Liberal member of the Legislature for Prince Rupert in the last B.C. Government, said there "must be some answer here, when the contract is for almost \$200,000 and work is stopping before the budgeted money is even used."

Bob McKay said "it's a matter of good common sense to continue the project now. The equipment is there and the public works department should be told to get it finished."

"It will cost thousands of dollars more to complete if the equipment is taken away."

Jack Barber, superintendent of Wood & McClay, contractors, announced yesterday that his company had been advised to cease work on the last quarter of the construction job because of lack of money.

## We're Tired of Flying Saucers

## There's a Sea Monster Thrill Story

Calif. (AP)—Bored "saucer stories" got back to the old-fashioned fantasy like sea monster yarn? An ear to the tale of Armstrong, veteran of the fishing boat Sea

"I thought it had one eye, about the size of the window on a diver's helmet," the seaman said. "His mouth was a bit slit, about two feet wide."

As he circled, the head turned and the eye followed him. The head pivoted, Armstrong said, on a round body about 29 feet thick that extended downward beneath the surface. He was unable to estimate the length.

Suddenly the creature sank straight down, "leaving a boil about the size of my boat," Armstrong's boat is 41 feet long.

The skipper said his passenger, Orrel Reed Jr., saw the thing, too, and agreed as to the creature's description with one exception: Reed thought it had two eyes.
