sion with business of a routine
nature. The report of the chief
of police for the month of De-
cember showed that 32 cases had

tions for the month totalled

RAILWAY PROBLEMS BEING CONSIDERED

WINNIPEG, Jan. 13.—Plans
for handling of the anticipated
increased express traffic on Cana-
dian National lines in western
Canada during 1926 were
thoroughly discussed at a two-
day meeting of Canadian Na-
tional Express officials held here
during Monday and Tuesday. Of-
ficials of the company from
Montreal joined in the confer-
ence with local men who repre-
sented all territory between the
Pacific Coast and the head of
the lakes. The year 1925 had
seen a large increase in the busi-
ness of the express company in
western Canada stated G. E. Bel-
lerose, superintendent of traffic,
and it was anticipated that with
improved business in the west
this year, the 1926 demands upon
services would be even heavier.

The governor general consid-
ers that aviation is a necessity
to Australia with its long dis-
tances and lack of transportation
facilities to the back-blocks, and
his move in making aeroplanes
the official transportation of
government officials is to en-
courage commercial aviation in
Australia.
