The forecast is that the Liberals are gaining ground all over Conservative smoker last night the province. Meighen has been slipping for the past week and when William Manson was the now there is a move toward Liberalism that seems to indicate main speaker. A return to Meighen rule would spell disaster and interfere with all the plans for future development. The news from Ottawa is, therefore, most satisfactory.

Are We to be Run by

All These Outsiders? Are we to be run by all these outsiders? Men and money from outside the constituency are being sent here without stint Editor, Daily News: in order to try to pull the wool over the eyes of the voters here. But it is too late. The people are wise. They are refusing to Empire or any of Mr. Meighen's be bought by the capitalists of the east or persuaded by the hired orators that are being brought here. Surely we have some civic why Mr. Meighen takes so many pride and will not allow this army of parsons and colonels and reverse position on policy of propoliticians and journalists and cartoonists to swing us from the cedure. On the tariff question path we have hewn ourselves. Prince Rupert people resent the attempt to run the city from the outside and will vote for Stork bartering with different groups again if only as a matter of protest.

Intereference With Canadian National.

During his tour through the interior recently J. C. Brady scheme. told the people that he would see they got tie contracts. Of course we all want them to get tie contracts, but it must bel, remembered that the tie contracts are awarded by the railway ing the strike of 1919. They and the railway is out of politics. Yet here is Brady, the moment struck to enforce the principle he gets into politics, proposing to interfere with the work of of collective bargaining. Hen. Sir Henry Thornton in the carrying out of his duties and thus Arthur Meighen at that time was bringing the railway directly into politics. It is time those who solicitor general of Canada and have the good of the country at heart united to put down this one of the two ministers that sort of thing by voting against the man who proposed it. Fishermen's Float Held Up By Conservatives.

Today there would have been a fishermen's float either tact the strikers were able to being built or completed if Mackenzie King had been allowed to acquire through Hon. Arthur carry on the Government. The estimates contained an amount was that of cold lead and the for that work and this was squelched by Mr. Meighen and his baton of the mounted police and cohorts. While here the Premier gave a half promise that the from one to two years in the work would be done, but it has not commenced and will not penitentiary. That is the way commence. What is needed is to send the Liberals back to he met the workers on the quespower so that they may carry out the work as intended. To do fion of collective bargaining. otherwise is suicidal for the city.

Then again a few years ago when Lloyd George and Winston; Churchill were desirous of starting a little war in Furkey and wired to Canada for assistance, Meakenzie King answered he would first have to consult Parliament.
