C. N. R. PICNIC WAS SUCCESS

Six Hundred and Ten Made Trip to Terrace Yesterday on Special Train.

WEATHER WAS IDEAL

Sports and Games Enjoyed and Boys' Band Led Procession of Visitors.

Six hundred and ten people, some of whom had not been out of Prince Rupert for many years, made the trip to Terrace yesterday by special train to attend the first annual picnic of the Canadian National Railways' employees which was held jointly with the picnic of the dry dock employees. This large crowd completely filled the special train of eight passenger coaches and three baggage cars, the latter containing refreshments, etc., of which Pinky Ross was the engineer and Tom Spencer, conductor. The train left Prince Rupert at 7 o'clock in the morning and returned with the tired but happy crowd at midnight, ten hours being allowed at Terrace for an event which was as enjoyable as it was memorable.

It was raining in Prince Rupert when the train left early in the morning but, on arrival at Terrace, the weather had cleared and the afternoon turned out fine and just cool enough to be suitable for the holding of the program of sports which started after the big crowd had its lunch, some having taken their baskets along, while many others besieged Terrace's dining rooms and restaurant facilities. Coffee, etc., was furnished by the picnic committee. A. E. Dickens and Theo. Fortune had gone to Terrace the previous afternoon to make arrangements for the picnic and they had everything in readiness for the big event.

The Boys' Band was taken on the trip and it led the parade of picnickers from the station to the sports' ground which was the headquarters of the day's proceedings. The Band played generously under the baton of Bandmaster Wilson during the day and made quite an impression on the residents of Terrace besides being ,as usual, enjoyable to the ears of the local crowd.

NINETEEN YEAR OLD BOY WINS BUCKING CONTEST AT JASPER

JASPER, July 19.—A nineteen year old boy, Jack Cooper of Calgary, riding a horse aptly named "Dynamite" won the Major Fred Brewster Challenge trophy in the bucking contest of the first annual show of the Jasper Horsemens' Association held on the Henry House flats in the Athabasca Valley Saturday. Cooper's performance on this unridden mount won the unanimous approval of judges and audience alike, and the audience numbered mountain guides, white and Indian, who know real horsemen when they see them.

While the bucking contest was the most spectacular event of the meet, there were a large number of other competitions of unusual merit, all of them attracting heavy entry lists, and providing entertainment of sufficiently high merit to hold the attention of the big crowd through the whole of the afternoon and well on into the evening. The keenest rivalry was exhibited in every event and the winners deserved their laurels

If any evidence was required as to the interest in horses of the townspeople of Jasper and of the guests at Jasper Park Lodge, it was supplied yesterday. Jasper, counting the guests at the lodge, has a population not exceeding 1200 people and more than half of that number attended the show, though to do so meant a long hike or ride for everyone and for a number of the competitors, a trail ride of a hundred miles or more.

CANADIAN HOUSE IN TRAFALGAR SQUARE DEFENDED BY PAPER

(Country Life, London)

In the Canadian House of Commons complaints were made recently of the expenses incurred over Canada House, in Trafalgar Square. The furnishings were stated to be extravagant, and the site to have cost too much, when other cheaper sites were available. We feel sure that the protests were only tactical. All Canadians who have seen the charming and dignified building into which Mr. Septimus Warwick converted the old Union Club premises must surely feel that it is only worthy their great Dominion. Even if the leasehold did cost a million dollars and the furnishing 531,000 dollars, the money could not have been better spent, or a more suitable site in the national place have been found. We Londoners are grateful for this noble addition to our city and inevitably think of Canada more often and as a greater nation whenever we pass it.

MORE BROADCASTS AT RADIO STATIONS OF CANADIAN NATIONAL

More Than 100 per cent Increase in Programs to Commence Next Week

WINNIPEG, July 19.—Radio stations in western Canada operated by the Canadian National Railways will increase the number of broadcasts by more than 100 per cent. according to an announcement by regional radio officials here today.

The Alberta stations CNRE at Edmonton and CNRC at Calgary will be on the air two nights each week instead of one as heretofore while CNRV at Vancouver will broadcast the first five nights of the week instead of on two evenings. The Winnipeg station CNRW will be on the air two evenings. Also in the case of CNRC this station will be heard from 9:30 to 10:30 on Monday and Thursday evenings, CNRE will broadcast. On Wednesdays and Fridays, CNRW will continue to broadcast Wednesday evenings, but by remote control from Grand Beach in addition to which an hour's studio program will be put on the air from the Fort Garry Hotel Saturday evening's starting at 10:30 o'clock.

These changes will be effective next week and cancel the printed announceemnts appearing in the company's regular program.

BUCHANAN PARTY OF BOYS GO NORTH ON LOUISE TO ALASKA

Twenty-three Boys Who Earn a Third of the Cost Themselves Enjoying Trip

The annual Buchanan party of boys from United States and Canada making the trip to Alaska on the Princess Louise passed through the city this morning. They were in charge of George E. Buchanan of Detroit, who pays one third of the cost and looks after them. This year there are 23 boys and 12 adults in the party and on the trip lectures are given and information inparted which is of great value.

The boys have to earn one third of the cost of the trip themselves, the parents pay one third and Mr. Buchanan does the rest. The boys must not smoke or use profane language. They are between the ages of 11 and 18.

Next year some of the boys who have already made the trip to Alaska will go to Europe on the same terms.

Mr. Buchanan, who is a coal merchant of Detroit, takes a keen interest in boys and having no other means of using his money gives this opportunity to lads who are willing to earn their own money. Last year 71 made the trip but Mr. Buchanan thinks that too many. He is accompanied by his brother, Dr. A. D. Buchanan of New Westminster, and several other important people. They will return on the Princess Charlotte next week.

Mr. Buchanan says the privileges of this trip are open to Canadians as well as Americans and he suggests that next year Prince Rupert boys may join the party.

SINGLE TAX EXPONENT SPEAKS IN THE SOUTH

VICTORIA, July 16. — The single tax method of taxation was praised enthusiastically by A. C. Campbell, for many years editor of Hansard, in the House of Commons, Ottawa, at a meeting of the Henry George Society at the Dominion Hotel here.

Mr. Campbell deplored the prejudice and fear inspired in people by the mere introduction of the single tax as a topic of conversation. He said, however, that he could have something to tell Ottawa people when he told of the fifty per cent of improvements exempted here from taxation.

SPORT CHAT

With the spectacular victory of last Friday night over the Native Sons of Canada to their credit, the Gyro Club will go on the baseball diamond again tonight confident that they will be able to repeat over Grand Terminals. If the Gyros win this game tonight, they will go to second place in the standing, relegating the Terminals to the cellar. There will undoubtedly be a good crowd on hand to see which of the teams is to be in the running with the Native Sons of Canada for the city championship.

DUNCAN TENNIS CLUB TO HAVE TEN COURTS

Contract Let for Adding Three to Seven Courts Now in Use There

DUNCAN, July 16.—A contract has just been awarded by the committee of the Duncan Lawn Tennis Club for the clearing and levelling of ground for three more courts, which will be seeded this Autumn, and should be ready for play next year. Owing to the rapidly increasing membership, it has been found necessary to make provision for greater playing accommodation.

Two years ago the courts were increased from four to seven, and next season will see ten courts in commission. Another year will in all probability find four more courts laid down, including several hard courts, which will exhaust the capacity of the club's present holdings.
