Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes: "Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever! It did when I was a young girl." Price, 50c, a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Credenza Model \$385

One Year ago Today

December second--1925--the new Orthophonic Victrola was publicly played for the first time in the Dominion

ON THAT DAY, our country learned with astonishment what remarkable results the new Orthophonic tone chamber can produce, and gained a newer and finer conception of the beauties to which home music may aspire. The reception being accorded this invention has excelled even the most liberal calculations. As a result, all Canada knows of the new

Orthophonic Victrola, talks of the new Orthophonic Victrola and everybody wants the new Orthophonic Victrola.

Today, as a year ago, special demonstrations are being given in all "His Master's Voice" establishments. You are invited to go and enjoy yourself. And remember that to be sure it is an Orthophonic Victrola you must be sure it bears "His Master's Voice" trademark,—under the lid.

The new

Orthophonic
