> A plan is projected by the Osaka Prefectural Government authorities in Japan for the promotion of a large exposition in commemoration of the tenth anniversary of the restoration of world peace. It is expected that the exposition will be opened in Osaka in 1929. The plans for the exposition, which will be carried out at tremendous cost, have been approved by the Prime Min-

So successful on Canadian farms have been young bachelors, who, prior to residence in this country were students in agriculture at the Hodleigh Salvation Army Schools in Essex, England, that the Army will shortly receive into those institutions their first classes of married men destined for farm lands in the Dominion. He believes that a from the lengthy season.

The Earl of Clarendon, Under Secretary of State for Dominion Affairs in the British Government, who has been touring the Dominion investigating the conditions under which the 3000-family scheme from Great Britain is working out, declared, in an interview at the Canadian Pacific Windsor Street Station at Montreal recently, that one of the greatest things upon which the success of the scheme depended was the loyalty and cheerfulness of the mothers of families brought out to Canada to be located on farms. His Lordship paid a special tribute to the type of women brought out under this scheme whom he had met during his personal visits among immigrant families.
