"My dear, I thought this was your washday."

"Yes, but the laundress has been through for hours — we use Rinso at our house."

Rinso has fairly revolutionized wash-day. Rinso changes the hard work of washing to just rinsing.

No more hard bar soaps to cut up or rub on the clothes. No more rubbing.

Wash-day now means simply soaking the clothes for a couple of hours in Rinso suds, or overnight, then just rinsing.

Gloriously white, sweet-smelling clothes are the result—and you'll save time and temper.
