

Get Up!

We are negotiating with a firm for the purchase of a wonderful clock that will yank a man out of bed in the morning, dress him, put on his shoes and lace them while a special attachment lights the fire and gets breakfast. But meantime the best we can give you is a Repeater Alarm Clock which breaks in on your dreams every minute or two until you get up. Then the joke is on you.

They cost \$4.50 and are worth it. Others at \$2.00.

BADGES PRESENTED AT TERRACE CONCERT TO GIRLS WHO QUALIFIED

Number of Interesting Drills and Dances Given While Playlet Proved Interesting

TERRACE, Feb. 8.—A concert given Friday night by the junior G.G.I.T. was fairly well attended and those who were there were highly pleased with the demonstration of the work Miss Tombs is carrying on with the younger girls. An interesting feature of the program was the presentation of badges by Mrs. T. J. Marsil to all the girls who had attained a percentage of eighty or over in attendance, memory work, drill work, etc., since the organization in September. Nine girls received badges: Evelyn Thomas, Adeline Thomas, Margaret McLaren, Janet Young, Margaret Glass, Helen Glass, Edna Dover, Mabel Bishop and Mildred Kirkpatrick.

The program consisted of physical drills, team marches, bean bag throwing and a little playlet entitled "The Sleeping Beauty." These were interspersed with musical selections and recitations. Betty Anderson and Sophia McLaren delighted the audience with their dancing of the Sword Dance and the Highland Fling to music from the accordion in the hands of Miss Fanny McLaren. Special mention should be made of the Japanese Lantern Drill which in the darkened hall was a picturesque and very pleasing sight. The proceeds of the concert are to go towards buying further equipment in the line of dumbbells, clubs, etc., to continue their work.

Rural Dean T. J. Marsh acted as chairman for the evening.

DISCUSSION IS TAKING PLACE ON CANADIANISM

Letter in Manitoba Free Press Proves Interesting Because of Views Expressed

In newspapers in different parts of the west, the question of Canadianism is being discussed. Here is a letter to the Manitoba Free Press that seems worth reproducing:

I have noted with interest, some of the letters which have been written you pertaining to "The Canadian-born." A society organized for the purpose of protecting Canadians from so-called favoritism would finally develop into a miserable failure for all concerned. But, could we have a society formed for the

An Infallible Guard

HEIMDAL, according to Celtic mythology, was the perfect sentinel. His hearing was so acute that he could hear the wool growing on a sheep's back. His eyesight was so keen he could see everything that happened even though it occurred while he slept.

Advertising, if you use it properly, is an infallible sentinel for you. It guards you against fraud and inferiority. It protects you against making unwise and unsatisfactory purchases.

Merchants and manufacturers who advertise must give full value because they have good names to protect. The makers of well-known products and the stores that sell these products often value the names at millions of dollars. They cannot afford to jeopardize the worth of these names by selling any but good goods of full measure and fair price.

So, you can bank on this. Advertised goods must be as advertised. That is why it pays to deal with advertisers and to buy advertised products.

Advertising is your guard

purpose of furthering the interests of Canada and Canadians in general, the result would be much different. Eligibles would be not only Canadian born, but would include all those who are Canadians at heart and in purpose whether born here or not. Non-eligibles would be those who are continually bewailing the fate which compels them to stay in such a forsaken, forlorn country and those who love to cite the country from whence they came as being some wonderful place where they never do this and never do that—a place which should be taken as a model for everything we do, say or think. People who are continually deploring the fact that we do not do as those at home do, are utterly useless to Canada as far as good citizenship is concerned. The aims and objects of such a society would be worthy of the support of every right minded man or woman.

A new country is necessarily populated by people from every clime and I for one, am proud and willing to welcome and extend the hand of friendship to every man or woman who is a booster for Canada, no matter what country they may have come from.
