'Groaning Board' Seen at Thanksgiving

By KAY REX
Canadian Press Staff Writer

The way meat prices are slipping in most parts of the country a "groaning board" will prevail in most homes this Thanksgiving.

The old-fashioned phrase means that across Canada dining-room tables will fairly "groan" beneath the weight of meats, vegetables, fruits and desserts prepared for this festive occasion.

Roast turkey will head the menu in many homes, particularly in Newfoundland where it still is regarded as the most popular Thanksgiving dish and this year is selling for 80 cents a pound.

CHICKEN TOO
Chicken will be king in other spots. In Ontario a good roast-

ing chicken can be obtained for 59 cents a pound.

But in many parts the recent decline in meat prices may see families enjoying their first roast in month. Around Sarnia and in other parts of Ontario beef is selling for between 69 cents for lower-grade cuts to 85 cents for porterhouse. A good rib roast of beef could be bought recently in Toronto for as low as 60 cents a pound.

PUMPKIN TIME
Pumpkin pie is a "natural" as a Thanksgiving dessert. Ingredients: 1½ cups pumpkin; one cup brown sugar (firmly packed); three eggs well beaten; one teaspoon salt; one teaspoon cinnamon; one-half teaspoon ginger; one cup milk; one-half cup cream.

Mix in order given and bake in deep nine-inch shell at 400 degrees for 15 minutes, then reduce temperature to 350 degrees and bake 40 minutes longer or until finished.

COMPANY SNACKS
With company coming it's a good idea to make certain there's food handy for quick snacks.

Here is a recipe for a banana cake which should prove tasty.

Ingredients: Three-quarters cup margarine or shortening; 1½ cup sugar; two medium-sized bananas (mashed); two eggs; two cups cake flour; one teaspoon baking-soda; one-quarter teaspoon salt; one-half cup chopped dates; one-half cup

coarsely chopped walnuts; one-half cup sour milk or butter-milk.

Cream margarine and add sugar. Then add mashed bananas and beaten eggs. Sift flour, baking-soda and salt and add gradually to the batter alternately with the milk. Stir in dates and nuts. Bake in square cake-pan lined with buttered paper at 325 degrees Fahrenheit (about 55 minutes).

EATING HABITS VARY
Most families eat all three meals in the kitchen or breakfast-nook, a recent survey of Canadian eating habits has found.

The survey, conducted among a cross-section of Canadian housewives by a large food company, found that one-fourth more Canadian families serve meat or fowl than in the U.S., and twice as many serve fish, but only one-half as many serve sandwiches.

Almost two-thirds of our families serve tea as compared to one out of six in the U.S. But in the U.S. there are three times as many serving coffee as there are in Canada.
