BRINGING UP FATHER

By George McManus

Do Your Bowels Ever Become Constipated?

A free motion of the bowels, every day, should be the aim of every one who aspires to perfect health, for once the bowels become clogged-up all the other organs of the body get deranged, and all kinds of diseases and disorders are liable to attack the system.

If you take our advice and use

Milburn's LAXA-LIVER PILLS

you will find that they will regulate and keep your bowels and liver in proper shape, and when this is done there is not much chance of you ever being sick.

This valuable remedy has been on the market for the past 32 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

ALICE ARM

No definite plans as to the future of the Dolly Varden mine could be announced by Col. Victor Spencer before he returned to Vancouver last Friday. He expects to return here shortly.

The log carring barge Drumrock, in tow of the tug Lorne, was here last week for another tow of logs for Powell River from the Abbotsford Logging Co.

Ed. Cullion, a resident of Alice Arm for three years, has not been seen since Sunday week, when he disappeared after having been brought from the La Rose mine bound for Anyox where he was to have been placed in hospital. His hat was found on the approach to the Kitsault River bridge, but there was no trace of the man.

The Abbotsford Logging Co. has resumed logging operations here and has fourteen men employed on the other side of the inlet near Silver City and Lime Creek.

The Alice Arm chamber of mines is considering the advisability of publishing a booklet, a committee consisting of R. Armour, E. Moss, H. Smith, H. F. Kergin, J. Fiva and H. Fowler having been delegated to go into the question.

Winners of honor rolls at the Alice Arm school were: Regularity and punctuality, Alice Kergin, Kathleen Bruggy, Chester Falconer, John McGuire, Ellen Anderson, Donald Anderson and Leah Kergin; proficiency, Gordon Anderson and Irene Bruggy; deportment, Billy Ness and Margaret Anderson.

W. S. Bacon, mining engineer of Vancouver, has arrived here to examine the Eagle, LeRio and Silver Cord mining properties, recently bonded by Mr. McMorris of Vancouver.

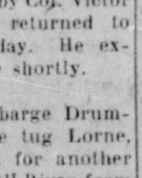
A fire broke out recently in the vicinity of Carney Lake, the cause of which is unknown, but it is quite probable to have been caused by lightning. A crew of men were employed fighting fire for three days when it was brought under control.

E. L. Stenger, a prominent mining engineer of Butte, Montana, arrived here recently and made an examination of the Esperanza mine. He also visited other properties before his departure.

Mr. and Mrs. Tavener have arrived here, accompanied by their son Thomas, who recently left for Vancouver to meet them. They have been visiting their daughter, Mrs. A. C. H. Gerhardi in Vancouver.

Mrs. J. Thomas has returned from Prince Rupert to which point she accompanied her sister who recently left for Oregon.

Pacific Milk Keeps Well



Pacific Milk keeps so well in warm weather that quite often some woman writes to ask what is done to the fresh milk.

Sometimes they ask what we put in to keep the milk sweet.

Pacific Milk is pure—absolutely. Nothing is added. It keeps, because our factories are so wholesomely clean. However, you should treat it like fresh milk once the can is opened.
