NATIVE SONS AT SMITHERS

Already Sixty Members and Number More Waiting to be Initiated

SMITHERS, March 12. — The second monthly meeting of the newly formed Smithers Assembly of the Native Sons of Canada was held in the lodge rooms on Tuesday night when fifteen new members were initiated into the assembly, increasing the membership to nearly sixty, with a number waiting to be admitted at the next meeting.

After the routine business was disposed of refreshments were served and a pleasant hour spent socially during which Historian L. S. McGill gave a most interesting address dealing with the construction of the Overland Telegraph that was started sixty years ago to give America telegraphic communication with Europe, but the completion of which was never carried out as the trans-Atlantic cable was laid when the telegraph line had been finished only a little north of Hazelton.

TRADES COUNCIL HOLDS MEETING

Carpenters Ask Co-operation Against Unfair Competition From Unskilled Men

At the regular meeting of the Trades & Labor Council last night, President S. D. Macdonald in the chair, a resolution was passed requesting the secretary to communicate with the sheet metal workers, plumbers and plasterers asking for their support in the movement against unfair competition in the carpenter trade. It is alleged Oriental labor and unskilled "hammer and saw" men are being employed in the city in the building of cheap and flimsy houses that are neither a credit to the community nor to the trade. While such men are getting work, it was stated that skilled carpenters were going unemployed.

Delegate Morrison of the Halibut Fishermen's Union and Delegate Bimpson of the plumbers were added to the executive of the council.

A letter of condolence was ordered sent to Mrs. Coombs on the loss of her husband, formerly a delegate to the council.

A letter was received from the Mayor in regard to the eight hour day and another from Hon. T. D. Pattullo in regard to the proposed picnic grounds at Salt Lakes suggesting that they get in touch with the Parks Board whose chairman is Dr. W. T. Kergin.

Delegates Gillis, Aldermen Larsen and the president gave talks on the labor movement in Britain and the United States and explained the difference in policies in the two countries.

New clauses in the rules governing play are to be put into effect for the British open golf championship to be played on the course of the Lytham and St. Anne's club in June. The clauses prescribe that 100 men—instead of 80 as hitherto—shall qualify and play a round a day on each of the first two days. All those whose scores for the two rounds are 15 strokes or more worse than that of the leading man will be compulsorily retired. The remaining contestants will continue by playing a further two rounds on the third day. By this plan the course will be cleared for final action. There always has been much confusion in the last round of the match when the course was crowded with competitors who impeded the progress of the few players who had a chance to win.
