### TRAFFIC OFFICERS WITNESSED SHOWING OF JASPER SCENES

"Country Beyond" Which Was Pictured in National Park on Shores of Maligne Lake

MONTREAL, Nov. 11.—During their visit to Montreal the passenger traffic officers have been given an opportunity of witnessing a preview of "The Country Beyond," a film picture production, taken in Jasper National Park during the present summer with Olive Borden playing the star role and having pronounced its scenic settings amongst the most striking which could have been secured. The outdoor scenes in the film are all staged in Jasper National Park, the major part of the action taking place in and near a cabin on the shores of Maligne Lake, the largest glacial lake in the Rockies.

Jasper Park was chosen as the location for the outdoor scenes after a lengthy search by the director, Irving Cummings, who intimated that this was but the first of several films requiring mountain back grounds, which would be pictured here. In the preparations for making the picture, all the company's effects had to be transported by pack horses for some sixty miles over mountain trails from the Lodge to Maligne Lake, nearly one hundred horses being required for this work and for the carriage of supplies to the company. When the company moved to Hollywood for the making of the "Interior shots" required in the picture, a complete replica of Jasper Park Lodge, with its rustic furniture and fittings was constructed in order that the interiors of the summer hotel in the mountains might coincide exactly with other parts of the film.

## A POLICY THAT WORKS FOR BOTH OF US

YOU'VE discovered, no doubt, that the best thing you can do for yourself, is something you do for others. It's a good business principle. The best way to keep our business growing is to make it serve you—giving better style, better quality, better service—then keeping the price down. It works for you and it works for us.

### TRADES AND LABOR COUNCIL MEETING IN BUSY SESSION

The Prince Rupert Trades & Labor Council met in regular monthly session last evening, there being a very satisfactory attendance.

Correspondence from Vancouver was read. It dealt with the wage scale in effect at the Prince Rupert grain elevator. There was also correspondence from Mr. Harrison, Dominion fair wage officer.

There was a letter from Tom Moore, Ottawa, requesting that the Trades & Labor Council appoint a representative to the B.C. executive of the Trades Congress of Canada. S. D. Macdonald, president of the Prince Rupert Trades & Labor Council, who was in the chair, was elected. This committee will meet in Victoria early in the new year, when a memorandum dealing with labor matters will be laid before the Government.

A vote of thanks was tendered T. J. Shenton, on conclusion of an eloquent and instructive address.

A discussion took place respecting the need of adequate fire protection on the water front. This matter was referred to Ald. Larson, who will take it up with the city council.

The meeting voiced disapproval of the fact of part of the order for firemen's uniforms having been placed with Oriental workmen.

### MAY RELEASE SISTER FROM HER VOWS

TORONTO, Nov. 10.—Asked about the story received from New Bedford, Mass., to the effect that the Pope had released from her religious vows a sister who had been in a Montreal convent for 25 years in order that she might marry the sweetheart of her youth whom she met at a funeral in New Bedford after a lapse of 25 years: "It is quite possible," said Rev. John E. Burke, rector of St. Peter's Church. "The Pope has the power to dispense a sister from her vow. It is never done in regard to priests; in regard to sisters, yes."

### ISOLATING PATIENTS

The school board last evening at their regular meeting decided to write to the provincial board of health in regard to the present system of coping with contagious diseases and preventing their spread, with particular reference to the method of isolating patients either at the isolation hospital or in their homes, there having been some criticism in this respect.
