When your eyes ache, sting or feel fired, it is Nature's warning - they are strained.

If you are wise, you will heed that warning and will have a complete examination of your eyes made and thus probably prevent serious eyesight trouble later

QUESTION OF TIME IN RADIO SENDING

SENT FROM VANCOUVER REACHED NEW ZEALAND NEXT

VANCOUVER, Oct. 7. - Scientists credit radio transmission with amazing speed, saying that signals travel at the rate of 186,000 miles a second, but despite the rapidity with which these impulses move-more than seven times the circumference of the world-in that second, a broadcast from Canada will not reach New Zealand until the next day. Impossible! Well, here's the answer. CNRV, which is the Canadian National Railways' radio station at Vancouver, B.C., received a communication from an enthusiast in Nelson. New Zealand, informing the manager

the latter closed down. That was interesting but it became a problem when an individual with an inquiring turn of mind wanted to know how could a man in Ne wZealand pick up CNRV at a time when that Canadian station was not on the air. But his triumph was short lived when th time experts disclosed that 6 p.m. in New Zealand was 10.30 p.m. in Yancouver the day before, the plodding sun having lost almost a day in travelling the intervening 6,450 nautical miles.

that from 6 p.m. to 6.15 p.m. one even-

Norma Talmadge in "Kiki"

Norma Talmadge as Kiki, urchin of the gutter, hoyden, gamin, swept up to hang like a jewel round the throat of Paris, mistress of Pleasure. The man was crazy. Crazy to fall in love with her, put on the smartest revue in Paris. and crazy-enough not to be angry when Kiki ruined the show. She winked her way, laughed her way, sighed her way, cried her way, and if Kiki's heart was heavy when they howled her off the stage, it swelled until she thought it would burst for the sheer joy of knowing that he didn't laugh, that he felt sorry for her. Pretty girls and magnificent settings. Strong cast:
