NEW BIOLOGICAL STATION READY

MOVEMENT OF INSTRUMENTS TO COMMENCE AND NEW APPOINT-MENT TO STAFF MADE

The new biological building is almost completed and should be handed over to the Biological Board at the end of this month. Moving the scientific apparatus will then commence and it will take probably a couple of weeks.

For the official opening J. J. Cowie, secretary-treasurer of the board, will be here some time next month and probably there will be a meeting of the western executive at the same time. D. B. Finn, the acting director, is at present assisted by R. W. Pillsbury, who is making a survey of the fish handling plants for the board.

A new appointment to this station is Horace Brocklesby, a graduate of the University of Manitoba in organic chemistry, who will specialize on fish oils, tion fish meal and glue. He is at present

SUGGESTS LLOYD **GEORGE GET TIP ON** WINNING ELECTION

LONDON, Sept. 27 .- "It will be regrettable from every point of view if, as seems only too probable, Mr. Mackenzie King will be unable to attenu the Imperial conference," says the Liberal weekly paper Truth. "The Liberal leaders in the mother land will have particular cause to regret Mr. King's absence from London." Truth adds, "for who is more fitted than he to give useful tips on the way to sweep! the country?"

Continuing in a humorous veli., Truth proceeds to suggest that Mackenzie King should be invited to preside over a friendly and strictly private conference at which Lord Oxford and Asquith, Lloyd George, Walter Runciman, M.P., and a few other choice spirits could consult with him freely on the best method of leading a party. Failing this, the next best thing would be for all of them to go to Canada for a winter course of instruction.
