Mercy No!

A shoe doesn't fit just because it is *long* enough and *wide* enough.

THE days for that fallacy are gone or going—never to return.

In the last few years people have been realising that scores of ailments arise from ill-fitting shoes. Important nerve centres in the foot are hurt by badly-shaped shoes, and the effect is felt in other parts of the body.

Nowadays good health demands a "shoe to fit the foot—not the foot to fit the shoe." Arch Defender Shoes—because they are built to special lasts—the inner sole shaped to the foot contour and with cupped heel—because they have a patented spring inset shank and because they support the foot arch where needed—are bringing back foot health and comfort to thousands.

Arch Defender Shoes are modish, good-looking shoes of supreme quality for men and women.

PRINCE RUPERT LOOMS LARGE C.P.R. SCHEME

Edmonton Paper Suggests Big Corporation May Buy Line Into This City

That the C.P.R. may purchase the section of the Canadian National Railway connecting with Prince Rupert is suggested in an article in the Edmonton Bulletin of Saturday last which follows:

Is the Alberta government about to make what may eventually amount to a gift of the E.D. & B.C. railway system to the Canadian Pacific as part of a new transcontinental line which would secure for the C.P.R. a northern outlet to the Pacific?

Persons in close touch with the situation in government and railway circles here claim that developments are rapidly leading to this end, with Premier Brownlee delaying settlement with the Royal Bank and the Canadian Pacific allowed to continue in possession of the E.D. & B.C. on a lease that expired in July, 1925.

The C.P.R. Cutknife-Whitford branch is now being graded, this being the first link in the new low grade system which may connect with the Peace River line and later with the coast through the lowest passes known to exist in the Rockies.

Survey North of City

From Whitford the line has been surveyed during the winter to connect with the E.D. & B.C. railway north of Edmonton.

C.P.R. surveyors are now in the north completing this line.

Then comes the E. D. & B. C. connection, provided that this asset is handed over to the C.P.R. From the end of steel on this system the C.P.R. surveyors last year ran a series of lines connecting the northern railway with the main line of the Canadian National at Prince George, B.C.

Big Scheme Outlined

"Why did they do so?" is the query being asked locally. The reply from those supposedly "in the know," is that at a later date the C.P.R. will acquire the C.N.R. main line from Prince George to Prince Rupert, and after it has been connected to the E. D. & B. C. by the surveys made last year, the C.P.R. will then have a low grade outlet to the Coast. As the main north line of the Canadian National stands at present it is not a revenue producer, but once it is connected to the immense fertile areas of the north its outlook will be changed. Hence the opinion is current that the C.P.R. can complete its arrangements to purchase the Canadian National from Prince George to Prince Rupert at "cost price," then connect this line north to the E.D.&B.C. and thereby at one and the same time render the Prince George-Prince Rupert section a paying proposition through the grain and other produce from the north.

Force Federal Hands

One assumption is that once the E.D.&B.C. passed into the hands of the C.P.R. little would be done towards completing the construction to the Coast until such time as the Federal government was ready to turn over the Prince George-Prince Rupert section at possibly "an extremely low price."

Edmonton residents who have followed the matter carefully are of the opinion that the stage is all set for a gift to the C.P.R.

The Slight Cold Of To-day May Be Serious To-morrow

On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse and become settled on the lungs, for once it does become deep-seated you are going to have a lot of trouble in getting rid of it.

Our advice to you is that on the first sign of a cough or cold you should procure a bottle of

Dr. Wood's Norway Pine Syrup

as by its timely use you may save yourself many years of suffering from some serious bronchial or lung troubles.

"Dr. Wood's" has been on the market for the past 35 years; so you are not experimenting with some new and untried remedy; put up only by The T. Milburn Co., Limited, Toronto, Ont.

DEPARTMENT OF PUBLIC WORKS

Notice to Contractors

Terrace Lock-up

SEALED TENDERS, endorsed "Tender for Addition to Terrace Lock-up," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Tuesday, the thirtieth day of March, 1926, for the additions and alteration to the lock-up at Terrace in the Electoral District of Prince Rupert, B.C.

Plans, Specification, Contract, and Forms of Tender may be seen on and after the 16th day of March, 1926, and further information obtained at the Department of Public Works, Parliament Buildings and at the following offices: Government Agents at Prince Rupert and Smithers and the Provincial Police Office at Terrace. Copies of plans, specifications, etc., can be obtained from the Department on payment of a deposit of Ten Dollars ($10.00) which will be refunded on return of the plans, etc., in good condition.

The lowest or any tender not necessarily accepted.

P. PHILIP,
Deputy Minister and Public Works Engineer.
