## GYROS WON IN BATTING ORGY

In a loose game of Senior League baseball last night the Gyros took the Grand Terminals into camp to the tune of 18 runs to 5. The severe defeat of the Terminals was, in a measure, due to the fact that they were unable to field a very strong team and, in addition to that, the Gyros were in tip-top batting form. The terminals did, however, tighten up in the latter part of the game, but the lead of the Gyros was then beyond them.

In the first inning the Gyros scored seven runs, ten in the second inning, and one later. The Terminals got three runs in the first inning and two in the third. Loose fielding and unlucky breaks in the field marred the play of the Terminals throughout the game.

Batteries—Grand Terminals: Gordon and Astoria; Gyros: Schenkler and McKeown.

Pete LaPorte umpired balls and strikes and Dave Balfour took care of the bases.

## RAILWAY BOARD HEAD SPEAKER

(continued from page one)  
ed. There was nothing that other nations had done which might not be done here. Southern cities grew and ripened more quickly, but the northern nations would always hold the balance of power. He found that the people of this western country were impressed with the importance of the posi-

tion. Speaking of cities, the orator remarked that Vancouver was a great city and that Prince Rupert would be a great city too. It was devotion to duty that put any city or country ahead. This, combined with unflinching industry, spell success. They had that day heard the needs of the Board of Trade presented in regard to transportation matters. These would receive the closest attention. Vancouver had entered into her kingdom at an early age and nothing could stop her progress. The more progress she made the better pleased every Canadian would be.

## Peace River Outlet

Very soon the Peace River country would be seeking a natural outlet here. This western gateway would carry the agricultural products overseas. As far as the consumption of foodstuffs was concerned they could look for no new markets in Europe, but the innumerable millions of the Orient were turning from rice to wheat for food and if this continued the demand for terminal facilities for shipping to the Orient through a port such as Prince Rupert was assured. On one side of the ocean were the consumers and on the other the producers. He wished he could vision the position which this port would occupy 25 years from now. He looked forward to an era of great prosperity for Prince Rupert so that in looking back people would say that the present was a step of a child compared with the manhood of that time.

After the address Mrs. McGeer sang most pleasingly two songs by special request of the club.
