BACHELOR BANKER LEAVES HIS MONEY FOR AN OBSERVATORY

PARIS, Texas, May 12.—The University of Texas will have an astronomical observatory to compare favorably with the famous Lick Observatory as the result of a $1,400,000 bequest of William J. McDonald, 82-year-old bachelor-banker, whose will has been filed for probate here.

Mr. McDonald bequeathed $120,000 to relatives and directed that the remainder of his approximately one and one-half million dollar estate go to the university for an observatory to bear his name.

University officials hailed the gift as one that will provide for scientific research not possible otherwise.

BERLIN ONCE MORE AS BEFORE THE WAR

Buildings Repaired and Renewed Giving More of Old Time Appearance

BERLIN, May 12.—During the past year six thousand buildings in Berlin have had their fronts renovated and the one-time spick and span streets gradually are resuming their pre-war appearance. Stucco facades, neglected for more than ten years have been torn away and renewed, and cornices, lighting fixtures and ornaments replaced.

During the inflation period thieves reaped a rich harvest by stealing metal cornices, lighting fixtures and building ornaments, selling them for junk. Facades of store fronts mutilated in this manner went unrepaired owing to their owners not having sufficient funds for the work. The outlay for new facades last year is estimated at 10,000,000 marks.

CHINESE LOTTERY CITY OF EDMONTON

EDMONTON, May 12.—Charged with conducting a Chinese lottery in the city, a Chinaman named Wong Kee, who gives his place of residence as an east end hotel, was arrested Friday afternoon by Detective Sergt. Petheran. It is stated that a large number of lottery tickets had been disposed of to members of the porters' club and that duplicates were found in the possession of the accused.

The Chinese lottery game has been a popular one in the city for some time, according to reports which have been received by the police. The tickets bought by the patrons are punched on certain numbers and the holders of the winning numbers are the recipients of the prize money. Some large sums are known to have been paid to the successful holders.

COLDSTREAM GUARDS FOR CANADIAN WEST

EDMONTON, May 12.—Strike conditions in the old country are not likely to interfere with the bringing of the Coldstream Guards' band to the west for a series of performances at summer exhibitions, in the opinion of Manager W. J. Stark.

The band is not scheduled to leave England until June 18, and no intimation whatever has been received that it will be obliged to cancel the trip on account of the present conditions. As the contract was signed some time ago, it is felt certain that this famous aggregation of players will tour the west as arranged.

STEWART

Arrangements are practically completed for the consolidation of 42 claims in the Marmot River section with the object of turning them over as a unit to a large American development and operating company. Joe Green is the instigator of the project on which he has been working for the past year or so.

F. C. Outland, who has returned to Stewart to inaugurate the summers' program of work on the Outland-Silver Bar property near the head of Salmon Glacier, expects to block out a large amount of high grade ore and make some shipments this season.

The Day group of four claims, lying west of the Big Missouri and owned by W. C. Cameron of Stewart, has been bonded to the Big Missouri Mining Co. for a period of three years. The Big Missouri has also bonded the Unicorn group.

Miss Magar has arrived here from Port Simpson to resume her duties as stenographer in the office of the mining recorder.

ALICE ARM

Development work, consisting of the driving of the tunnel further toward the main ore body, will shortly be resumed by the Kitsault River Mining and Development Co. on the Matilda property.

Last Saturday marked the tenth anniversary of the opening of the Alice Arm Hotel by Ole Evindsen.

The Granby Co. is moving its logging equipment from the Kitsault River flats.

ROCKEFELLER MAKES RECOMPENSE AGED LADY

TARRYTOWN, N.Y.,—May. 12.—John D. Rockefeller has evened up things with Mrs. Helen Burckhardt, 83. His oil business put her lampblack factory in Bavaria out of business. Then a law about infected cattle which John D. supported caused her cows in Masteth, N.Y., to be killed. But John D. helped her grandson to get a job in the United States and now she is a tenant of the Rockefeller estate.

Mrs. Joe Bent returned on the Prince George this morning from a business trip to Vancouver and other points in the south.

WAS DEAD TWO WEEKS BEFORE BODY FOUND

Caretaker of Edmonton Curling Rink Passed Away in His Bed Alone

EDMONTON, May 12. — The body of David William Galbraith, 65, caretaker of the Edmonton Curling Rink, was found in bed in a shack where he had made his home. The discovery was made by neighbors and it is believed Galbraith had been dead two weeks.

The neighbors first missed Galbraith about a fortnight ago and believed that he had left for his store at Kapasiwin Beach, Lake Wabamun, which he operated during the summer months. Receiving no word of his arrival there they became uneasy and went to the shack.

Entering the place they found Galbraith dead in his bed, the body in an advanced stage of decomposition. His clothes were all in order and his boots beside the bed, placed there evidently just before he retired for the last time.

TOOK THREE MINUTES TO TRY PRISONER AT ASSIZES IN NELSON

NELSON, May 12.—But three minutes of the time of the assizes was occupied by the second criminal case on the docket, when Andrew Miller Berry, an aged destitute man, was charged with having attempted suicide at Erickson by cutting his throat, recently.

On arraignment, Berry, who was unrepresented by counsel, pleaded.

"I have considered your case, Berry," said Mr. Justice D. A. McDonald, "and I think that, under all the circumstances, I should suspend your sentence.

"I suspend sentence for five years, during which time you are bound over to keep the peace, and to appear at any time if called on to have sentence pronounced upon you.

"At the same time I would ask the police to try to get you sent to the Old Men's Home."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
