Ignorance Regarding Western Rates Claim.

There is still a great deal of ignorance in the country in regard to the western route for grain. People still imagine that the west is looking for an advantage which is not their due. Lady Byng Reminds Women that Even an Alberta University professor comes out with some such statement in an address at Saskatoon. Professor D. A. McGibbon says that the Pacific coast is asking for special favors, which it is not. All the coast asks is that it be given an even! break with the eastern route. "No favors for any" is our motto. Lady Byng's declaration to

To do so is only justice and Professor McGibbon might atthority of Canada who has as well read up on the question of rates before delivering himself only seen the East" is one with on the subject.

Gyro Club Accepts Offer of Prince Rupert Players' Club

The Gyro Club at its luncheon yesterday accepted with appreciation an offer from the Prince Rupert Players' Club whereby the Gyro playground fund will receive the bulk of the proceeds from the play "Wedding Bells" which is to be put on for two nights early in March. The offerf of the Players' Club, presented to the Gyros by W. H. P. Pleming, the secretary, is that the playground fund shall receive the entire proceeds over and above \$100 which will be used by the Players' Club for the carrying on of its activities.

It was installation meeting of the Gyros and a good deal of enthusiasm was displated for 1926 prospects. The new officers were installed by Milton Gonzales, past president, and E. A. Mann made a clever inaugural address.

S. K. Campbell sang vocal solos and W. Balagno played violin sections, Charles Balagno being accompanist.

Guests of the club were Robert Mann, Percy Tinker, D. G. Stewart and W. H. P. Pleming.
