The Jewellery Store Umbrella

You will generally find that it is an altogether superior article. Yes, it sometimes costs a little more, but then think what you are getting!

Why! Often the handle on one of ours is worth more than the whole umbrella of some kinds.

Prices for nice qualities in silk and silk mixtures, $5.00 to $12.00.

MUSIC SHOULD BE DEVELOPED

Institution of Annual Festival Here Urged by Walter Bates Whose Party Delighted Gyro Club

As a means of having Prince Rupert do its share in the highly important object of the development of national music and art, Walter Bates, Canadian tenor, suggested to the Gyro Club at its luncheon yesterday afternoon that it might well assist in the encouragement of local musical talent by instituting such a project as an annual musical festival where once a year those possessed of talent, particularly the younger people, might meet in competition. Awards for excellence thus displayed might be made to assist in further musical training and those of outstanding ability might be sent further afield to display their talents. Such an annual competition once established, Mr. Bates declared, would be looked forward to the year around and would prove a real incentive to the development of latent musical possibilities.

Music Not Encouraged

Mr. Bates in the course of a brief talk to the club, referred to some Canadian vocalists such as Edward Johnson, Jeanne Gordon, etc., who had already become famous in the musical world. He deplored, however, the fact that real encouragement for those musically inclined did not seem to be forthcoming in Canada and that the most of Canadians who had already made a mark had had to go out of the country to receive the necessary assistance and encouragement.

Mr. Bates referred to the effect of music on the national life and declared that the craze for "jazz" had had a deterrent effect on the moral life of the country. Efforts were being made in certain parts of the United States to discourage "jazz." The musical festival idea he suggested as a means of developing the true musical idea from the standpoint of art.

Musical Numbers

Mr. Bates' lyric quartette delighted the members of the club and their guests with several entrancing numbers and Mr. Bates himself sang several tenor solos.

Besides the members of the quartette, Mr. Bates, Miss Pickells, Miss Sugden and Mr. Roberts, other guests of the club at the luncheon were Dr. W. T. Kergin, C. H. Orme, U.S. Consul E. A. Wakefield, E. C. Gibbons, John L. Christie, R. Warlock and G. P. Tinker of Prince Rupert; Ex-Governor Davis of Idaho; Capt. Dessis of the United States revenue cutter Cygan, and Norman McLean, purser of the steamer Prince Rupert.

MAP ALASKA FROM PLANES

Ketchikan to be Headquarters for Work Which is to be Done There

KETCHIKAN, May 27.—A new era, with a glorious future for Alaska, forseen by Alaskans and naval aeronautical officials as the result of the combined aerial mapping expedition of the departments of the navy and the interior, which are on the way here from San Diego.

Ketchikan will be the headquarters of the expedition during the summer. A visit of considerable length will be made during the season by Admiral Robinson, commander of the United States fleet, who will arrive aboard his flagship, the Seattle.

Although the Ketchikan Commercial club had planned to provide quarters ashore for the personnel of the air mapping expedition, the officers and men will live in floating barracks in the harbor.

Mapping of Revillagigedo Island, on which Ketchikan is located, and the back country of Southeastern Alaska will provide accurate plats and data on which plans for future development can be based.

Thirty-two separate cameras for various duties in connection with the mapping and mosaic work, form the technical equipment, said to be the most complete equipment ever assembled for such work. It will be needed, however, because the expedition itself is the most comprehensive ever organized by an aerial organization in the world. The United States navy, assisted by the American camera industries, is the only organization at this time capable of extensive work in this field.

Ten Years Ago in Prince Rupert

May 27, 1926.

J. W. Stewart, well known here as the active head of the contracting firm of Foley, Welsh & Stewart, is now in Ottawa making arrangements to proceed to France in command of a battalion of railroaders.

S. D. Macdonald, president of the Trades and Labor Council, has received word that the miners at Anyox are about to demand certain concessions from the Granby Co. and that trouble may ensue.

Willow River, on the G.T.P. just east of Prince George, is in danger of being completely wiped out by a fierce bush fire that is raging there. Men are being rushed from all surrounding points to fight the flames and the people are burying their belongings in the hope of saving them.

A First Aid To Thrift

THRIFT means handling your affairs in such a manner that the value of what you own is steadily increased.

KETCHIKAN time is to be the same as ours after Saturday. Perhaps the Alaskans will catch our spirit also.

THERE'S one little institution we could easily spare to Ketchikan and that is our "knockers' club." You can have the whole institution, Mayor Torry, without any charge.

REAL hardship is not having enough money to buy cigarettes and not having enough friends from whom to borrow.

PLAYERS' CLUB HELD MEETING

Read a Play and Enjoyed Musical and Literary Program at Home of Mr. and Mrs. Bryant

The Prince Rupert Players' Club held their regular monthly meeting last evening at the home of Mr. and Mrs. George Bryant, Fourth Ave., with very close to thirty members present, and a most enjoyable time was spent.

The feature of the evening was the reading of a play "The Twelve Pound Look" by J. M. Barrie, which proved intensely interesting. A. L. Sharp read it. A. A. Connon, president of the club had charge of the program which in addition to the play consisted of songs by Miss Middleton, Mrs. Millar and Miss Dalby, a monologue by Mrs. Milne, a sketch by W. H. P. Pleming and community singing led by J. S. Wilson. The accompanists were Miss Etanda Marsh and Mrs. Cullin with Mrs. Bryant on the mandolin.

Tea was served at the close, Mrs. William Millar pouring, and a number of young people assisting in serving. Before leaving, the party gave musical honors to the host and hostess and plans were laid for an outdoor meeting next month.

EUCHARISTIC CONGRESS CHICAGO, JUNE, 1926

The Greatest Event in the History of the Catholic Church in America

C. N. Rys. to Operate Special Trains from Western Canada

Of unusual importance to Roman Catholics is the 28th International Eucharistic Congress in Chicago, Ill., June 20 to 24 next.

The Church dignitaries are duly appreciative of the efforts made by the Canadian National Railways, who have arranged to operate special trains to and from the Congress, and have also made reservations for several hundred people in good hotels at a reasonable expense, and ask their people to make application promptly for the necessary sleeping car and hotel accommodation. The Church authorities were consulted prior to arranging the train service so that the proper departure time from the various centres would be ensured.

Those who desire to use the regular service have the privilege of travelling on the through train which is operated during the summer season from Western Canada to Chicago.

Any agent of the Canadian National Railways will be pleased to give you further particulars and complete all arrangements.
