of undisturbed, refreshing sleep

Kill Flies and MOSQUITOES with FLY-TOX

DURING the summer Fly-Tox is used daily in many fine homes. Often in every room in the house. This destroys unclean insects, even in their place of hiding.

Fly-Tox is stainless, safe, sure. Kills flies and mosquitoes. And there is always an atmosphere of cleanliness when Fly-Tox is used.

FLY-TOX is a scientific insecticide. It was developed at Mellon Institute of Industrial Research by Rex Fellowship. Made in Vancouver, B. C.

CREW OF CURLEW APPRECIATE ACTION CANADIAN LEGION

The following letter was received from the crew of H.M.S. Curlew and read at the Canadian Legion meeting last night:

H.M.S. Curlew,
At Beaver Harbor

To the President
Veterans Club,
Prince Rupert.

Dear Mr. President—

On behalf of the Chief Petty Officers, Petty Officers and men of H.M.S. Curlew, I beg to thank you and your comrades for the kind reception and hospitality shown to us during our stay at Prince Rupert.

In the Mother Country we hear a lot of the warm reception we receive from our Empire, but when the ever open hand is extended, as it was at Prince Rupert, and the other places in the Dominion, one can thoroughly realize the unity there is between us and them, and a warmer reception than you and your comrades gave us is practically impossible.

Wishing the club and members every prosperity for the future I am sure our visit to the club and Prince Rupert will always be a pleasant memoir of our cruise and visit to Canada.

Believe us to remain, Mr. President, your sincerely,

A. W. JONES,
S. C. REES.
