Your Scales will tell you So—

Baby should thrive on Mother's milk but if that is not available Borden's Eagle Brand will build him up. Since 1857 it has been endorsed by leading doctors, used by countless thousands of mothers from baby's birth or from the time of his weaning. It is pure milk from carefully selected dairies, condensed, and tinned with pure granulated sugar so it will keep perfectly. Its guaranteed purity, absolute uniformity and the ease with which it is digested by baby make it the perfect food. The scales prove this fact every time when the feeding schedule is carefully followed.

Two books every mother will wish to have—one an authoritative Baby Welfare book, the other a beautiful baby record book. Write to The Borden Co., Limited, Vancouver.

Borden's EAGLE BRAND (CONDENSED MILK)

SHOULD NOT ASK A GOVERNOR GENERAL TO ACT AS UMPIRE

(Ottawa Citizen)

Never again in Canada should the governor general be called upon to act as umpire between political parties. Even in sport, too many people are unwilling to accept the decision of an umpire gracefully. In party politics, where the game is carried on only by keeping the partisan spirit alive, the only safe way is to let the electorate decide. It is placing altogether too much strain on the position of a governor general, to expect His Excellency to perform the functions of an umpire in times of bitter conflict between political parties.
