PAIN from SANTAL MIDY

Pure beer is a beverage tor every

season

THERE is no season for the enjoyment of the benefits of pure, healthful beer. Not only in summer, but also in the cooler months its tonic properties are of the greatest value in the fortifying of the body against the strain and tension of modern life.

Used regularly with meals pure beer imparts not only the nourishment of the grains from which it is made; it assists valuably in the assimilation of other foods, and with its vitamin content makes up for the lack of vitamins from which modern diet so often suffers.

Pure beer, such as is made for the people of British Columbia by the Amalgamated Breweries, is of low alcoholic strength—only 41%, as called for by law-only enough to stimulate the bodily functions and rest the nervous system.

Many qualified physicians prescribe pure beer as a beverage for nursing mothers, both for its tonic action and on account of its richness in malt extractives that so fit the physical needs of nursing mothers.

Every day in the year you may have beer, carefully brewed by the Amalgamated Brewers, on your table, as a useful and zestful part of your meals. You may buy it by the bottle or by the dozen bottles or by the case, at every Government Store.

Delivery is free to any part of the city

These facts are placed before you by the Amalgamated Breweries, in which are associated: Vancouver Breweries, Ltd., Rainier Brewing Co. of Canada, Ltd., Silver Spring Brewery, Ltd., Westminster Brewery, Ltd., and the Victoria Phoenix Brewing Co., Ltd.
