WOMEN VALUED AS ANIMALS

BEASTS OF BURDEN AND INSTRUMENT OF LABOR IS STANDING OF FEMALES

MELILLA, Sept. 25.—Along the entire littoral of north-western Africa women are considered by the natives as of much less value than beasts of burden. The men, who never think of working, regard the woman as an instrument of labor which should be utilized to its utmost capacity and then scrapped to be replaced by newer tools. Once beyond work, the woman is abandoned to exist as well as she can on rejected food in the same way as a dog.

An Arab along these shores when he goes a-courting visits the places on the riverside where the womenfolk do their laundry work. Without uttering a word he selects the girl whom he considers will best suit his purpose. He continues watching her for several days to see how she labors. Then he follows her to her father's tent, where he enters and declares his passion in flowery language to the fond parent, who begins bargaining and terminates with making a contract.

This contains the price at which the girl is to be handed over, and an advance must be made. The girl then belongs to her suitor. Love-making is then at an end. The girl begins her labors for her new lord, often under the whip. This continues throughout her young life and when she is no longer able to do the hard tasks, is cast aside for a new and younger bride, who also treats her as a slave.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
