"BREAKFAST" in Baker's Breakfast Cocoa Means Something

The United States Food Standards define "Breakfast" cocoa as cocoa containing not less than 22 per cent of cocoa butter. Many cheap cocoas (which cannot be labeled "Breakfast" Cocoa) contain not more than 14 per cent or 15 per cent of butter. Baker's Breakfast Cocoa contains not less than 26 per cent of cocoa butter, almost one-fifth more than Government requirement. The phrase Baker's Breakfast Cocoa means a pure, delicious cocoa of high quality and possessing a considerable amount of nourishment.
