INDIANS ARE ON INCREASE

ARE ADOPTING WHITE METHODS OF COPING WITH DISEASE—CORPS OF DOCTORS AND NURSES

OTTAWA, Dec. 30.—Indians of Canada, who hitherto have placed their faith in Indian medicine men and have refused teratment by white doctors, are gradually becoming converted, and hospitals provided by the Canadian government are being more freely used. Efforts of the Department of Indian Affairs to cope with disease among the 100,000 wards of the Government are outlined by Duncan C. Scott, deputy superintendent-general of Indian Affairs, in a report presented to Parliament. In addition to a corps of medical officers, the department has a staff of travelling nurses who are performing work of great value. Every effort is made to instil into the minds of the Indian children at least a rudimentary knowledge of hygiene, particularly as related to the prevention of tuberculosis, which is the great foe of the Indian. Members of outlying bands, who gather at stated times to receive the annual treaty payments, are given medical attention by a doctor who accompanies the Indian Agent.

In Northern Ontario, Alberta, Saskatchewan, Manitoba and Quebec, the health problem is assuming a very serious aspect in the outlying districts. These Indians of the unsettled or sparsely-settled regions are still in a primative state, and are almost solely dependent on hunting and trapping for their livelihood. In former times the Indians had a virtual monopoly of the chase, and their physical well-being was reasonably assured, but in recent years there has been an influx of white trappers, to an extent that is alarming from the point of view of the Indians. The white trapper is more astute and energetic than the aborigine, who cannot withstand the keen competition, to which he is utterly unaccustomed.

Dr. Scott mentions in his report that while the Indian Act prohibits the participation of Indians in stampedes and pageants outside their own reserves, it is most difficult to control either Indians and municipalities and he sometimes thinks a drastic measure of restriction might be in the interests of the Indians.

The Indian population of Canada shows a slight increase, and the capital of their trust fund has increased to $12,418,460.

MANY COSTUMES MAKE VERITABLE RAINBOW IN THE SWISS ALPS

LONDON, Dec. 30—Switzerland will resemble a rainbow when the English crowds which are going there for Christmas arrive with all their new sports clothing.

Skiing, skating and tobogganing suits are brighter than ever. Piccadilly, Oxford and Bond Streets are aflame with windows showing the latest models for those who will have their winter holidays at Davos, Villars and other snow-clad resorts in the Alps.

Most of the outfits for women are knitted knickerbockers and sweaters in every imaginable variety of bright colors. Indian blanket effects and Egyptian influence are discernible in many of the suits, which invariably have caps to match them. Suits with short skirts are offered in less brilliant colors for more sedate women.

Lumberjack coats in gay stripes which run horizontally are offered in great numbers and leather coats are shown in greens and blues as well as all tones of yellow and brown.

SUCCESSFUL WHIST DRIVE AND DANCE HELD LAST NIGHT

A very successful whist drive and dance under the auspices of Lodge Valhalla was held last evening in the Metropole Hall when a very large number were present.

The winners at cards were Mrs. J. Bacon, who carried off the honors for the ladies with Mrs. S. Nelson winning second prize. For the gentlemen the first prize went to R. Viereck. After excellent refreshments had been served dancing was indulged in until a late hour, the music being furnished by the Westholme Orchestra.

The committee responsible for arrangements included Alderman Larsen, A. Nelson, N. Peterson, Mrs. N. Peterson, Mrs. Geo. Fritz, Mrs. K. Hallberg, Mrs. J. Ivarson, and Mrs. O. A. Johnson. M. Peterson was on the door.

WOMAN WAS AFRAID TO SLEEP

"For a year I was afraid to sleep because gas (from stomach) collected around my heart. Now I take Adlerika and have not been bothered since." (Signed) Mrs. E. Cole. Adlerika removes gas in TEN minutes and brings out old waste matter you never thought was in your system. It is wonderful for constipation and allied stomach trouble. No matter what you have tried the REAL action of Adlerika will surprise you.— Ormes Limited, Druggists.

This afternoon's train, due from the East at 3.30, is reported to be on time.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO THE END OF DECEMBER, 1925.

Has produced Minerals as follows: Placer Gold, $77,663,945; Lode Gold, $122,808,459; Silver, $74,111,397; Lead, $89,218,907; Copper, $197,642,647; zinc, $39,925,947; Miscellaneous Minerals, $1,594,387; Coal and Coke, 273,048,953; Building Stone, Brick, Cement, etc., $44,905,886; making its Mineral Production to the end of 1925 show an

Aggregate Value of $920,919,628

Production for Year Ending Dec. 1925, $61,492,242

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
Victoria, British Columbia.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C.. Reports covering each of the six Mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.
