MILLION FEET LUMBER RAFT

CEDAR AND AIRPLANE SPRUCE LOGS ARRIVE FOR LOCAL MILL AT SEAL COVE

A Davis raft containing a million feet of cedar and some airplane spruce arrived here today from the T. A. Kelley Logging Co.'s camps on Queen Charlotte Islands in tow of the tug St. Faith for the Seal Cove Lumber Company.

The St. Faith is a new tug operated by the Powell River Paper Company and was brought here recently from Great Britain.

The vessel has one notable towing voyage to her credit. After the armistice she towed a 10,000-ton German steamer fully loaded with nitrate from Chili to Europe, via the Panama Canal. This steamer had been lying idle for several years, and her bottom was covered with sea growth, but nevertheless good speed was made throughout the 8,000-mile tow.

Since arriving in British Columbia, the St. Faith has been restored to Lloyd's 100 A1 class, for which she was designed and built, and has been fitted to burn fuel oil, the bunker capacity being arranged for twenty-five days continuous steaming. When fully loaded with fuel and stores the vessel will have an extreme draft of fifteen feet and a displacement of 1,000 tons.

OFFICIALS OF RAILWAY ARE DUE TOMORROW

J. E. DALRYMPLE, VICE-PRESIDENT IN CHARGE OF TRAFFIC, HEADS DISTINGUISHED PARTY

A large party of important Canadian National Railway officials, headed by J. E. Dalrymple of Montreal, vice-president in charge of traffic, will arrive in the city from Vancouver aboard the steamer Catala tomorrow and spend a day here on general inspection before proceeding East by train.

Beside Mr. Dalrymple, the party will include A. T. Weldon of Montreal, general traffic manager who, until recently, was traffic manager for the Atlantic region with headquarters in Moncton, N.B.; W. C. Moore of Montreal, manager of the C.N.R. express department; W. G. Manders, Winnipeg, freight traffic manager; R. Creelman, Winnipeg, passenger traffic manager; B. A. Latta, Edmonton, superintendent, Express department; J. M. Horn, Vancouver, general freight agent; G. A. McNicholl, Vancouver, general passenger agent; B. C. Keeley, Pacific coast manager, Canadian Government Merchant Marine; W. Hart, secretary to Mr. Dalrymple, and G. Stiven, secretary to Mr. Weldon.

Certain of the officials will be met by a delegation of the Prince Rupert Board of Trade in connection with local matters.

EXPECT SUCCESS PORTLAND CANAL

SELUKWE GOLD MINING AND FINANCE COMPANY OPERATING AT STEWART HAS WIDE SCOPE

Word comes from Portland Canal that an ore discovery of major importance has been made on the B.C. Silver, says the Financial Post of Toronto. The location is given as a cross-cut from a shaft 75 feet below the lowest or N. 3 level. This is said to demonstrate that ore bodies persist to depths of 1000 feet or more.

London Mining World in a recent issue said regarding Selukwe and the B.C. Silver companies: "After wandering for years in the wilderness of disappointed hopes, this company seems at last on the threshold of a remakable success, a success likely to be as conspicuous as that which attended its neighbor the Premier. If what we hear from Canada is true. . . . we shall see most important developments on the Salmon River this season."

CONTROLLED IN BRITAIN

The Selukwe Gold Mining & Finance Company, Limited, a British mining concern, controls the B.C. Silver holdings in the Portland Canal. Selukwe also recently purchased the Bush Mines, supposed to have the northern continuation of the famous Premier vein. This property is now held by a subsidiary of Selukwe, called Sebakwe.

Selukwe owns 27 mining claims at Selukwe, Southern Rhodesia, Africa, and the holdings of the British Canadian Silver Corporation, Limited, with extensive holdings in the Portland Canal district.

On the British Columbia holdings active development and exploratory campaigns are in progress.

SCHUFER CLAIMS

Selukwe also owns the Schufer property consisting of five crown-granted claims on the north slope of Hudson Bay Mountain, eleven miles from Smithers, B.C. This property shows silver-lead-zinc ore and also a pyrrhotite-zinc ore.

Selukwe holds 100,000 fully paid shares in Kafue Copper Development, Limited, operating in holdings and concessions amounting to 30 square miles in Northern Rhodesia in Africa. And in Canada Selukwe is interested through Kafue on a profit-sharing basis in a gold dredging area on Antler Creek in the famous old Cariboo district of British Columbia. In the same district Selukwe holds under option numerous alluvial gold mining claims along Cunningham Pass Creek adjoining Antler Creek.

BURMA AREAS VALUABLE

In Burma, Selukwe owns 120,000 shares of the capitalization of Shan States Silver-Lead Corporation, Limited. This corporation has three mineral areas in Burma, with a total of 1,183,265 acres. Considerable development work has been done on one of the Burma properties, the Bawzaing mine. The ore deposit is irregular, but appears to be about 300 feet in length and in places 80 feet in width, according to engineers' reports. It is stated that about 55,000 tons of good ore have been blocked out and the company has recently installed a mill which is producing concentrates yielding 73 per cent lead and 13 ounces in silver to the ton.

TIMBER SALE X8263

Sealed tenders will be received by the Minister of Lands not later than noon on the 30th day of September, 1926, for the purchase of License X8263, to cut 122,800 lineal feet of Cedar Poles and Piling on an area adjoining Lots 1442 and 1443, Ferguson Bay, 3 miles West of Port Clements, Queen Charlotte Islands Land District.

Three (3) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria B. C., or District Forester, Prince Rupert, B. C.

NEW LEADER CONSERVATIVES

FINANCIAL POST SAYS MEIGHEN FAILED COMPLETELY OWING TO LACK OF POLICY

(Financial Post)

Mr. Meighen, brilliant, respected, sincere, has failed completely as a leader because he is incapable of understanding the voters, or listening to advice of experienced men and of building a constructive policy thereon. The Conservatives will now have to find a new leader and reorganize nationally.

Business men, Grit and Tory, feel much relieved. Even the disappointed ones know that the more stable conditions are what was needed, needed more than either a Liberal or a Conservative adminstration was needed.

Looking ahead, there is much prosperity in sight for Canada. The Liberals have a glorious opportunity to make that prosperity complete, generous, fulsome. They will do it if they are ready—as their majority enables them to be ready—to sink politics in business, and place in their cabinet the best executives they can find, and make further immediate reduction in taxations. They have the Washington experience to guide them.

CO-OPERATIVE PLAN RAILWAY PROPOSED

MONTREAL, Sept. 23.—A survey is being made of the relationship of the Canadian National Railways maintenance of way employees to the company with the purpose of determining whether it is feasible to put into operation a co-operative working plan somewhat similar to that now in force in the Canadian National Railway shops.

This survey is being conducted by Captain C. S. Boyer Jr., consulting engineer for the American Federation of Labor, who made a similar survey previous to the adoption of the Canadian National Railway Shop Co-operative plan. Capt. Boyer's report will be given consideration jointly by the Canadian National management and the executive of the association.

SIMPLE MIXTURE MAKES STOMACH FEEL FINE

Simple buckthorn bark, magnesium sulph. c. p. glycerine, etc., as mixed in Adlerika, helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Adlerika works QUICK and delightfully easy. — Ormes Limited, Druggists.

BIRTH

A daughter was born at the Prince Rupert General Hospital on September 20 to Mr. and Mrs. J. J. Muldoon, 308 Fifth Avenue West.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes: minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
