Dr. Wood's Norway Pine Syrup

Mrs. S. E. Little, 103 Inkerman St., London, Ont., writes:—"I got a very severe cold which settled in my bronchial tubes.

I coughed night and day, and although I tried several different remedies I could get no relief until a friend advised me to take Dr. Wood's Norway Pine Syrup. This I did, and I must say that it gave me almost immediate relief as I got rid of my cough very quickly. I hope this testimonial will be the means of helping others."

HUMAN HAIR USED FOR MAKING CLOTH

In Spite of Bobbing, Supply is Wholly Inadequate to Fill Demand

AMIENS, France, Jan. 27. — The manufacture of strong linen for the filtering of extra heavy oils and other fats is the latest use found for Milady's beautiful hair.

The supply of women's hair being totally inadequate to meet the demand of the manufacturers, it is now being mixed with hair obtained in China from the fast disappearing "queues" of modern Celestials.

The carding, spinning and weaving of human hair for the manufacture of cloth is an industry just established here, but which has made great strides. The cloth or linen obtained from very close weaving of hair is virtually unbearable and is in demand by refining plants and distillers of heavy oils, which require that the cloth used as filters be subjected to a very high tension.

Several washing operations are required before the hair can be sent to the carding room. Thereafter it is handled just like wool and woven on special looms.

TAHITI MIRACLE MAN OUSTING PHYSICIANS

Tales of Marvellous Cures by Successor to Turai, Greatest of Healers

PAPETTE, Tahiti, Jan. 27. — When old Turai, greatest of native Healers of Tahiti, died seven years ago he left a prediction that after him would arise a healer who would be his superior. Now the native populace is flocking to Turai's successor.

Tales of the "Miracle Man's" marvellous cures are in circulation and although the natives of Tahiti are civilized and ordinarily highly sophisticated, they are abandoning European physicians and transferring their faith to the new healer. Hundreds are taking their ailments to him daily.

No claimant of curative powers had the reputation or commanded the faith of the natives in a manner equalling Turai. But his prophecy of a successor is now aiding the man enjoying popular acclaim.

SMITHERS

Mr. and Mrs. Olof Hanson of Prince Rupert spent the early part of the week end in town, returning to their home on Tuesday night's train. Mr. Hanson is an important factor in many business ventures in this district and his present visit to look into his interests will most likely be a final one before he and Mrs. Hanson start on an extended holiday during which they intend to visit South American countries.

Mr. and Mrs. F. B. Messner entertained a number of friends at bridge on Saturday evening.

Mrs. L. B. Warner entertained at bridge on Tuesday afternoon, having Mrs. Olof Hanson as the guest of honor.

Thomas Cole of Victoria, provincial auditor and supervisor of government agencies, paid an official visit to the local Provincial offices, coming in last Thursday and leaving again for Prince Rupert on Tuesday.

ARCHBISHOP HERE.

On his way to Anyox and Stewart where he will take confirmation services, Archbishop A. U. DePencier of Vancouver is a passenger aboard the steamer Prince Rupert today. He will return south next week by way of Prince Rupert.

A. Brooksbank arrived back today from a short business visit to Smithers.

CITY COUNCIL AGREES ON POLICY WITH REGARD SETTLEMENT AT COW BAY

(continued from page one)

were offered 400 feet.

There was danger, the mayor thought, in allowing matters to drift along. He thought they should give him authority to ask the provincial government for a still larger frontage as the Yacht Club needed 200 feet. Should it be impossible to get the Dominion Government to undertake the work he would favor spending from $40,000 to $75,000 and he believed the citizens would vote to proceed with the project.

Criticized Plans

Alderman Larson stated that the Yacht Club wanted the same site they at present occupied. They were willing to maintain their own improvements and did not want anything except the site.

Alderman Stephens criticized the Forde plans and suggested that they would be useless. The more waterfront they got from the Government the greater would be their liability. They had enough to do with the money already without it. He thought the property should be conveyed direct from the provincial to the Dominion Government.

Alderman W. J. Greer suggested that they lay it over and take the matter up with Ottawa.

Alderman Stephens then agreed to incorporate the idea of Alderman Casey in his motion which passed unanimously as follows:

The Resolution

"That Mr. Pattullo, the Provincial Government and the Department of Marine and Fisheries at Ottawa be advised that when either the Provincial Government or the Dominion Government or both agree to taking care of the mosquito fleet and fishing fleet and yacht club the city will not withold its consent to filling in of Cow Bay.

"The City Council will cooperate in any way possible without any financial obligation in the matter.

"Mr. Pattullo's letter will be transmitted to Ottawa with a request to assume the cost of making the desired improvements and take over the waterfront and provide for its upkeep."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
